

8800 SERIES RV WINDOWS

The Lippert 8800 Series replacement RV window comes complete with a trim ring, screws, and foam seal for a smooth, fast installation. Designed from heavy-duty materials, it delivers lasting durability and dependable performance, making it an ideal upgrade or replacement for worn or damaged windows. Available in multiple sizes, frame styles, glass types, and slider configurations, it fits a wide range of RVs.

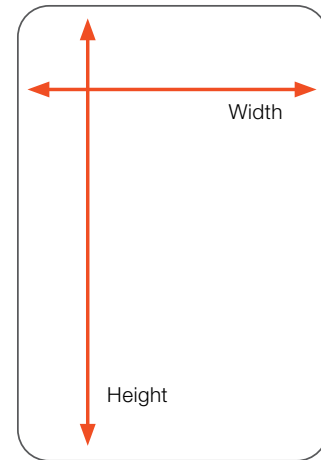

COMPLETE REPLACEMENT KIT

Features

- Complete replacement RV window kit
- Includes trim ring, screws, and foam seal for easy installation (sealant sold separately)
- Heavy-duty construction ensures long-lasting performance and durability
- Tempered glass resists cracking, chipping, and shattering
- Tinted glass blocks sunlight, heat, and enhances privacy
- Latching mechanism and sealing gaskets keep your RV secure and dry
- Built-in water weep system directs water away from the window
- Aluminum frame resists corrosion and extends the window's lifespan
- Black trim ring ensures a clean, fast, and simple installation
- Sliding window includes fine mesh screen to keep insects out
- Ventilation design helps maintain comfortable temperatures inside
- Reduces reliance on heating and cooling, saving energy and costs
- Compatible with walls 15/16", 1-3/8", and slightly thicker up to 1/16"
- Windows can accommodate wall thicknesses ranging from 1/2" to 3"
- Corner radius measures 3.125" for a precise fit
- Horizontal slider models can be used on driver or passenger sides
- Multiple sizes, frame options, glass options, and slider types available

2025069058	Lippert 8800 Series RV Window - Horizontal Slider, Red Latch Escape	60"W x 29"H

*Note: Please measure carefully before buying and installing. The dimension shown in the description is the "rough opening." The actual window is about 3/8" smaller in width and in height. For slightly thicker walls, there may be a small gap between the trim ring and the window frame. This is acceptable as long as the gap is invisible.
