- For use as a hard surface static dissipative cleaner

Ground Out™/MC

Static Dissipative Cleaner

Use Directions

1. Position wet-floor signs around area to be cleaned.
2. Daily, dust mop with an untreated mop.
3. For cleaning with Ground Out™/MC Static Dissipative Cleaner, mix a 1:16 solution (8 oz. per gallon/63 mL per liter of water).
4. Damp mop on cleaning solution with a tightly wrung mop.
5. Allow floor to dry. Do not rinse.

Cleaning Frequency for Most Floors

Heavy-Moderate Trac Floors: 3 times per week.

Light Trac Floors: Once a week or as needed.

Floors will be slippery when wet or contaminated with foreign materials.

Promptly clean-up spills and foreign materials.

Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at www.diversey.com or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.
