# Step 1

Let's get started! Grab the Legs (2) and attach them to the Shelf Frame (3).

## Step 2

Flip the Seat Cushion (1) over and place the frame you just made on the bottom. Line up the Legs (2) with the holes and secure everything using a Washer (C), Spring Washer (B), and Bolt (A).

Tip

To keep your product looking its best and scratch-free, try assembling it on a soft surface like carpet or a blanket. This helps prevent any accidental scratches and keeps your furniture in top shape!

Do not tighten bolts / screws completely until all bolts / screws are lined up and inserted into holes. Tighten only to 75% for now.

# Step 3

Now, secure the Shelf Frame (3) to the Legs (2) with Screws (E).

Tip

Carefully flip the table over on a flat surface and make sure the legs are touching the ground evenly before tightening everything to 100%

## Step 4

Give your masterpiece a little wiggle—if it needs leveling, adjust those levelers until it's perfectly stable.
