

BATTERY BACKUP with SURGE PROTECTION

LE825DG

The CyberPower LE825DG uninterruptible power supply (UPS) for mid to high-end computer systems, features dynamic line conditioning to guard against surges/spikes and offers battery backup in the event of brownouts or blackouts. This UPS system is ENERGY STAR® qualified with patented GreenPower UPS™ Bypass circuitry to save on energy costs by reducing energy consumption and heat buildup.

The LE825DG UPS comes with a three-year warranty and further protection is offered by a \$200,000 Connected Equipment Guarantee.
