Bathtubs | Shower Bases | Tub & Shower Wall Surrounds | Kitchen & Lavatory Sinks

Better Bath™ really is better

The Better Bath name stands for quality, and our bath products have been the quality benchmark for more than thirty years. All our durable thermoformed bath products are designed to last! With multiple shapes, styles and back splashes, we provide a shower or bath configuration that is sure to add timeless elegance to your home.

Get the Best — Permalux Plus®

Better Bath utilizes a unique patented process that combines the gloss and chemical-resistance of thermoformed acrylic plastics with the durable strength of composite technology to bring you premium Permalux Plus acrylic alloy polymer finish.

Permalux Plus is better than fiberglass:

- **Higher Quality** Two times the elongation with a two-part polyurethane backing
- **Stronger** Three times the abrasion-resistance
- **Superior Finish** 10-20% higher gloss
- **Cleaner** Nearly zero emissions from the manufacturing process
- **Lighter** Yet more durable than fiberglass
- **Durable** Resists chemical damage and stains
- **Reliable** No chipping, peeling or spider web effects

All our bath products are made in the USA by quality craftsmen.

Classic Clean

Our standard bathtubs are the ideal combination of form and function. The stylish, yet durable and scratch-resistant design lends long-lasting beauty to your bathroom.
