

Product Change Notice

Change to Insulator Material, Color and Latch Offerings of 3M™ Boardmount Headers, .100" x .100", 2500/3400/Condo/Compliant Pin

Issue Number: 910
Date: December 16, 2014

Product Change

3M is making important changes to its popular .100" x .100" boardmount headers.

1. Insulator Material and Color

We are changing the material and color of the plastic bodies to high-temperature plastic-colored black. Approximately 97% of parts manufactured and shipped by our factory are already made in black glass-filled PCT with the balance made of glass-filled polyester (PBT) colored gray. Black PCT will become the standard insulator for all shipments starting in 2015. The connectors form, fit and function are the same, and the material change to a high-temp plastic actually represents an upgrade for most customers. The 3M part numbers will remain the same in order for end-users to maintain their bills of materials and drawings.

Part Number (Gray to Black)	Description	Versions
25XX-XXXX	Four-Wall Header	Solder Tail, Compliant Pin, Wire Wrap Tail
3XXX-XXXX	Latch/Eject Header	Solder Tail, Compliant Pin, Wire Wrap Tail
3XXX-XXXX	Condo Header	Solder Tail

However, distributors will need to order against new '80' stock numbers (SKUs) and Universal Product Codes (UPCs) to ensure uninterrupted supply. Refer to Appendix 1 for full product ordering information.

2. Latches

3M is standardizing on metal roll-pin latches for all Latch/Eject Headers starting in 2015. These represent the majority of products currently shipped from the factory. Consistent with the header insulator material and color change explained above, roll-pin latches will be made of glass-filled polyester (PCT) colored black. Part numbers will change:

Old Part Number (Snap-in Latch)	New Part Number (Roll-Pin Latch)
3XXX-X5XXX	3XXX-X2XX
3XXX-X6XXX	3XXX-X3XX
N3XXX-X5XXX	N3XXX-X2XX
N3XXX-X6XXX	N3XXX-X3XX

Product Change Notice

Change to Insulator Material, Color and Latch Offerings of 3M™ Boardmount Headers, .100" x .100", 2500/3400/Condo/ Compliant Pin

Snap-in latches can still be ordered, however these will not be inserted at the factory and customers choosing this style will need to make their own arrangements to assemble them. 3M will continue to offer unlatched headers. Distributors will need to order against new SKUs and UPCs to ensure uninterrupted supply. Refer to Appendix 1 for full product ordering information.

Schedule

The changes will take effect according to this schedule:

- a. **Now to February 9, 2015:** customers can continue to buy the gray PBT headers (with snap-in latches as appropriate) and place last time buys. Distributors should upload the ordering information for the black PCT replacements in preparation for the changeover. Note in the Appendix, where parts are highlighted in blue, these are new SKU and UPCs – adjust your systems accordingly.
- b. **February 10, 2015 and after:** the black PCT versions (assembled with roll-pin latches as appropriate) become the standard and orders must be placed using the new SKUs to avoid interruption in supply.
