

MUSTEE

MODEL 96 DURAPAN™ Washer/Water Heater Pan with Center/Side Drain Option

Design features:

- Rugged one-piece molded Co-Polypure™ construction
- Large size to accommodate front load washers
- Side outlet solvent weld 1" PVC male adaptor (furnished), mounts to the pan bottom for a center drain connection; or through the side curb for connection to a remote drain using 1" piping (not included)
- Easy to install and clean
- Mildew-resistant, colorfast semi-gloss white finish

Installing Side Outlet Fitting

Drill 1-3/8" dia. hole on side or bottom surface of DURAPAN™ and install fitting as shown. Position DURAPAN™ and connect solvent-weld fitting to 1" PVC pipe (not provided) leading to drain pipe. Place wash machine inside DURAPAN™ to complete installation.

Contents: Washing machine pan and 1" PVC drain fitting.
