## CONQUEST SPECIFICATIONS

# CONQUEST™

MULTI-POSITION LADDER | TYPE IA 300 LBS | OSHA + ANSI COMPLIANT

**Little  
Giant**  
Ladder Systems

## PRODUCT DESCRIPTION

You need equipment you can count on, no matter where the job takes you. The Conquest™ from Little Giant Ladders® is a lightweight, easy-to-use, fiberglass multi-position ladder with everything you could need to get your work done quickly and efficiently.

**17FT / 22FT**

## NON-CONDUCTIVE FIBERGLASS MULTI-POSITION LADDER

### 1. ACCESSORY PORTS

These custom slots are specially made to fit the AirDeck® workstation and other Little Giant® accessories.

### 2. PATENTED RAPID LOCK

Twist, slide, then retwist—that's all it takes to adjust the outer section to your desired height.

### 3. NON-CONDUCTIVE, HI-VIZ GREEN FIBERGLASS

Our lightweight fiberglass increases visibility and lets you work safely around electricity.

### 4. NARROW ACCESS

Narrow top/back section allows for easier access to roofs, attics and tight spaces.

### 5. EASY TRANSPORTATION

Get to the next job quickly and easily with a weight-balanced carrying handle and integrated Tip & Glide™ wheels.

### 6. V-BAR & CORNER FEET

Set up on telephone poles, flat walls and inside corners with the non-marring V-bar and corner feet.

 NON-CONDUCTIVE FIBERGLASS
