

# Emulsa-Tech™/MC

# 7UL3

## Spot Remover - grease and lipstick

Laundry spotter with emulsion technology for removing oil and grease-based soils.

### Features & Benefits

- Quickly emulsifies grease and oil based soils and stains
- Solvent based spotter with emulsion technology
- Effective removal of stains and soils helps prevent costly reclaim
- Highly concentrated for maximum economy

### Applications

- Use as a manual pre-spotter, or add directly to the washer for batch treatment
- Add to the wash cycle to boost grease and oil soil removal

# Clax<sup>®</sup> Emulsa-Tech<sup>™/MC</sup> 7UL3

Spot Remover - grease and lipstick

## Use instructions

- **Prespotting/Stain Removal on Fabrics:** Dilute Clax<sup>®</sup> Emulsa-Tech<sup>™/MC</sup> Emulsifier and Spotter Concentrate at a rate of 1 to 5 oz./gal. (30 to 148mL/3.78L) with water in a spray bottle. Spray diluted product onto the stained area of the fabric and wash in a normal wash cycle.
- **Added directly to the wash cycle:**  
*Commercial washers* - 8 oz to 64 oz. per 50 lbs. linen.  
*Homestyle washers* - 4 oz to 32 oz per load.
- This product is designed to be automatically diluted by a Diversey laundry dispenser.
- **For Food Plant Use:** Thoroughly rinse all laundered fabrics used in food plants with potable water before re-use. Avoid contamination of food during use or storage.

## Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at [www.diversey.com](http://www.diversey.com) or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate. Please refer to the Diversey HazMat Library, only available through Internet Explorer, <http://naextranet.diversey.com/dot/>, for up-to-date shipping information.
