Dual swing doors open
in either direction without
any modifications to the hardware

RV Refrigerators - Dual Swing Doors

The spacious 10.7 cu. ft. Everchill and Furrion RV refrigerators offer advanced cooling in sleek and durable designs. These residential-style fridges combine form and function, featuring a unique dual swing door that opens from either side, making them incredibly versatile for any RV layout. With superior cooling efficiency, low current draw, and quiet operation, they are ideal for enhancing your off-grid adventures.

FURRION®

RV Refrigerator - 12V, 10.7 cu. ft., Dual Swing Doors

Everchill®

BY FURRION
