

QUESTION

Which of the following is a true statement about the humerus?

- A. The humerus articulates with the scapula.
- B. The humerus articulates with the radius.
- C. The humerus articulates with the ulna.
- D. The humerus articulates with the clavicle.

ANSWER: A
The humerus articulates with the scapula at the glenoid cavity. It also articulates with the radius and ulna at the elbow joint.

QUESTION

Which of the following is a true statement about the radius and ulna?

- A. The radius articulates with the humerus.
- B. The radius articulates with the ulna.
- C. The ulna articulates with the humerus.
- D. The ulna articulates with the radius.

ANSWER: A
The radius articulates with the humerus at the elbow joint. The ulna also articulates with the humerus at the elbow joint.
