

A TASTY PAIRING

Keep Your Stoelting® Equipment Running Like New!

Stoelting has always recommended **STERA-SHEEN GREEN LABEL** for all your cleaning and sanitizing needs.

Now, we are introducing Stoelting's NEW singular **TOTAL BLEND LUBRICANT**, which saves time, money and improves food safety. This lubricant replaces the need for the two items currently sold separately.

- Designed to meet the exact specifications for total lubricity of all Stoelting equipment
- Total Blend Lubricant and Stera-Sheen Green label conveniently packaged together for purchase through your local Stoelting distributor.
- When purchased together with Stera Sheen Green Label, reduce the total lubricating costs by almost 50%, when purchased from Stoelting.
- Eliminates Food Safety concerns of putting wrong lubricant in food contact position
- Eliminates waste from over-using and risks associated with under-using
- Available in pre-portioned packets specifically designed for use with your Stoelting machine
- The part number is: 508053, this is a case of 50 packets
- The part number is: 2205995, this is for the kit that includes the Total Blend Lubricant (50 packets) and the Stera Sheen Green Label sanitizer (100 packets). This will be a total of 50 cleanings & sanitizations. This part number must be sold in quantities of 50 or 100 kits.
