DEPENDABLE, SLIDE-OUT PROTECTION

Tested for durability

The 13.5 oz vinyl has been rigorously tested to withstand -25 degrees Fahrenheit, so it won't crack in cold winter temperatures. It is also reinforced with heat-welded seams to help prevent leaks

Reliable protection

The Solera 5000 Series slide topper helps prevent dirt, bird droppings, debris and more from falling on your RV slide-out. It also helps prevent water from pooling on top, so you don't have to worry about damaged seals or mold formation
