

THINGS THAT GO!

INSTRUCTIONS

CONTENTS

52 Cards

OBJECT OF THE GAME

Be the player with the most matching pairs at the end of the game.

SET UP

1. Parents and caregivers should show young players the Cards and talk about the different cars and trucks on them.
2. Shuffle the Cards and place them face-down in a grid so they are accessible to all players. No Cards should be touching.

HOW TO PLAY

1. The youngest player begins the game by flipping over any two Cards so that all players can see what is on them.

2. If the Cards match, the player collects those Cards and takes another turn. If the Cards do not match, the Cards are placed face-down in their original position.
3. Play continues clockwise with players flipping over Cards and collecting matches. Players should watch carefully as other players turn over Cards so that they remember where matching Cards are when it is their turn.

WINNING THE GAME

Play continues until all Cards have been collected. The player with the most matching pairs at the end of the game wins.

FOR BEGINNERS

When playing for the first time, caregivers should select eight pairs of Cards and set the rest aside. Try playing with the Cards face-up at first. Mix the Cards and ask the player to pick out matching pairs. Talk about the objects together and, if necessary, explain the words. Next, try playing with the Cards face-down. Slowly introduce additional sets of eight pairs until the player is comfortable playing with all pairs.
