

## CONTENTS

- Handle with attached blade
- Food mill bowl
- 3 different size graters

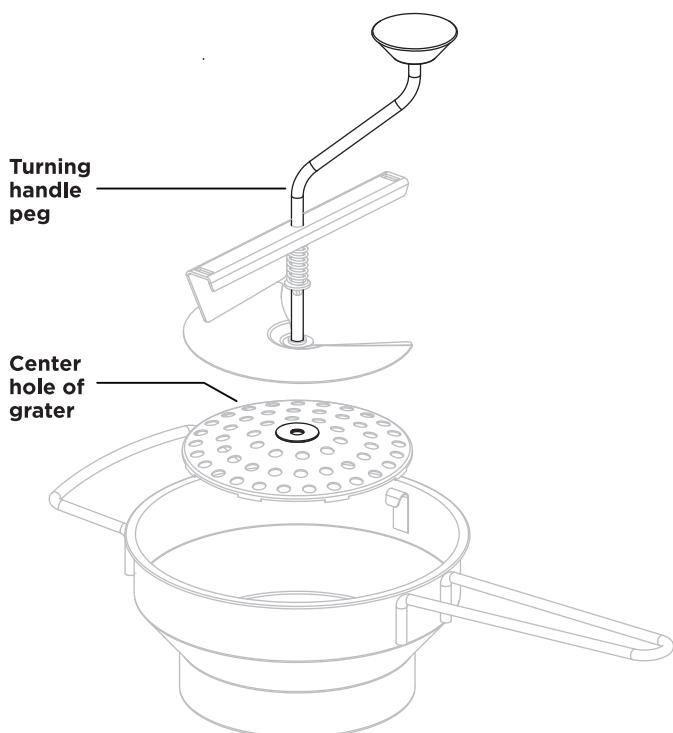

### 1 Insert grater into mill

Place desired grater, dome side up, in the bottom of the mill. Grater will sit on the bottom rim.

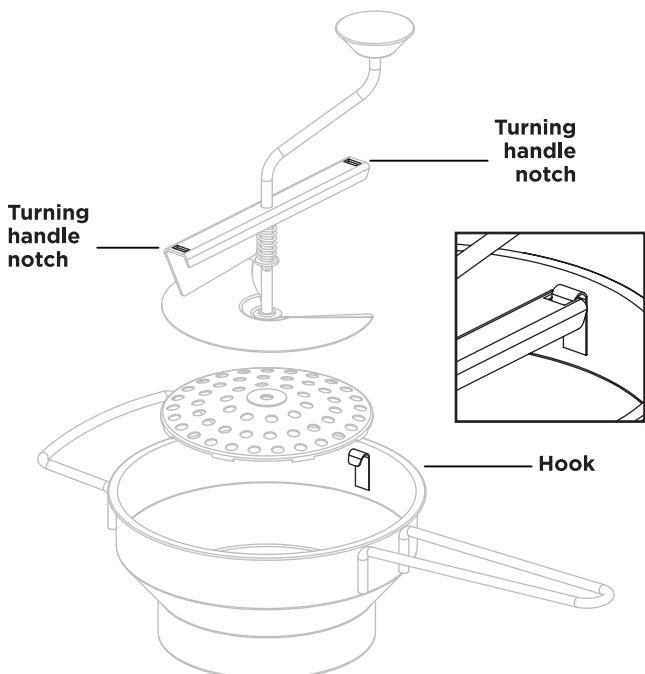

### 2 Attach turning handle to grater

Carefully insert the peg of the turning handle into the center hole of the grater.

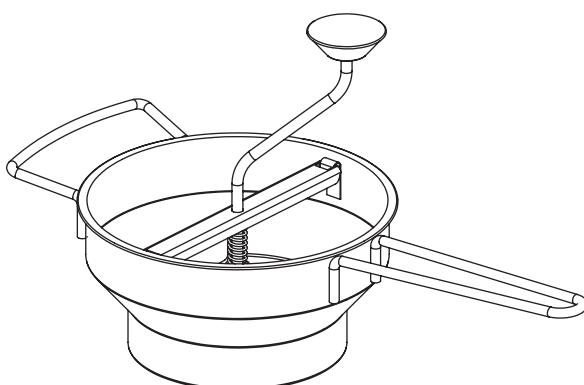

### 3 Attach turning handle to hook

Line up the notches underneath the hooks in the interior of the mill's bowl. Press down simultaneously on the notched sides.

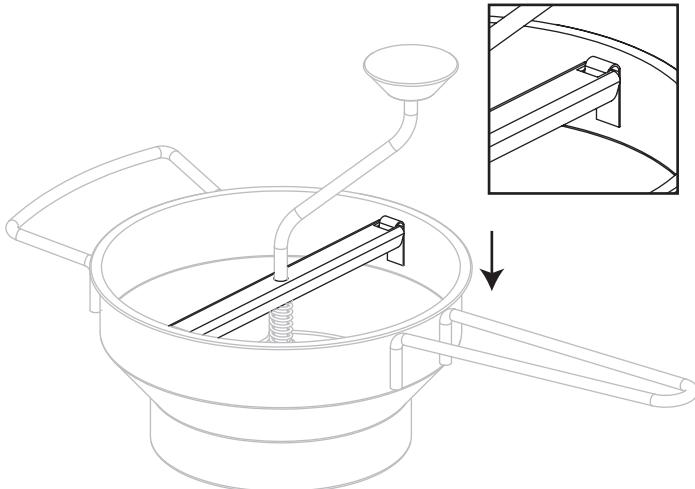

### 4 Final Test

Put desired food in bowl and turn handle.

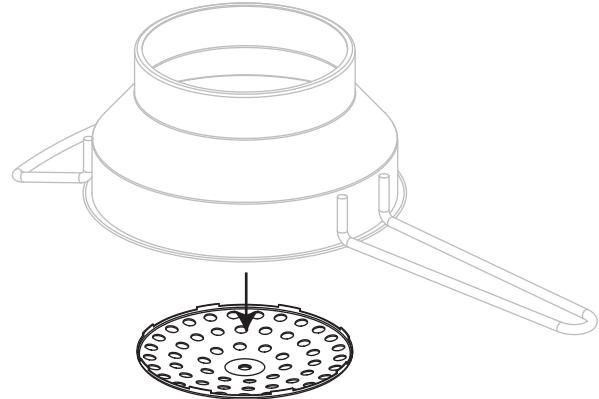

**1 Unhook and remove handle**

Press down simultaneously on the hooked sides and rotate handle away from underneath the hooks lifting out the handle with turning blade.

**2 Remove grater**

Carefully remove grater by flipping over mill on a clean surface. Grater will fall out.

**3 Wash mill and grater**

Use hot water and soap to carefully wash the mill and grater.
