

The number of people in the workforce has increased steadily over the period shown. This growth is primarily due to the aging of the population, as more people reach the age of 16 and enter the labor force. Additionally, the increase in the number of women in the workforce has contributed significantly to this overall growth.

QUESTION

The number of people in the workforce has increased steadily over the period shown. This growth is primarily due to the aging of the population, as more people reach the age of 16 and enter the labor force. Additionally, the increase in the number of women in the workforce has contributed significantly to this overall growth.

The number of people in the workforce has increased steadily over the period shown. This growth is primarily due to the aging of the population, as more people reach the age of 16 and enter the labor force. Additionally, the increase in the number of women in the workforce has contributed significantly to this overall growth.

The number of people in the workforce has increased steadily over the period shown.
