

Break-Up[®] Professional

Oven & Grill Cleaner

Institutional formula with heavy-duty cleaning power for fast and easy cleaning of institutional, industrial and commercial surfaces.

Features & Benefits

- NSF and Kosher certified
- Breaks down tough, baked-on grease and grime on contact, even on cold surfaces
- Cleans commercial ovens and grills more quickly and easily, minimizing scrubbing and scouring
- Attacks grease and grime on ovens, grills, fryers and more with fast-acting formula
- Extra power cleans away even the toughest carbonized soils
- Conveniently sprays from any angle to penetrate tough-to-reach areas

Applications

- Effectively cleans institutional, industrial and commercial surfaces including stainless steel, porcelain enamel, iron, undecorated ceramic tile, concrete and glass
- Works especially well on ovens, grills, broilers, ventilating hoods, splash panels, steam table-tops, pots, pans, fryers and griddles
- Also for use on oven doors, fronts, windows and racks

Break-Up[®] Professional

Oven & Grill Cleaner

Use instructions

- Do not use on hot surfaces above 180° F (80° C).
- Always wear long chemical-resistant gloves, chemical-splash goggles and protective footwear when spraying and wiping.
- Wash hands and arms after use.
- Do not spray on or let spray contact pilot light, electrical connections, switches, light bulbs, heating elements, receptacles or thermostats.
- Do not let product contact floor coverings, linoleum, aluminum, copper, chrome, painted surfaces or plastics.
- Do not use on continuous or self-cleaning ovens.
- Shake container well and often.
- Do not pry off child resistant cap with sharp objects, as this may puncture can. Follow instructions on cap.
- Hold container upright and spray 9-12" (20-30 cm) from oven walls and away from face.
- Allow foam to work 30 minutes to 2-4 hours. Wipe clean with wet sponge or paper towels.
- Store and use at room temperature.
