Glass & Multi-Surface Cleaner

Super concentrated, streak free, non-ammoniated glass cleaner that meets ECOLOGO® and GREENGUARD Gold standards.

Features & Benefits

- Non-streaking, quick-drying, non-ammoniated glass cleaner
- Use on most washable surfaces, including chrome, stainless steel, bathroom fixtures and laminate countertops
- Wipes clean and dries without smearing glass or mirror surfaces
- Blue in color with no fragrance added
- ECOLOGO® Certified, and GREENGUARD Gold approved
- Super concentrated formula is convenient and improves efficiency

Applications

- Use for glass and mirror cleaning
- Can be used on multi-surfaces

Use instructions

- Dose or dispense product using cold water into spray bottle or bucket.

For RTD® Use:

Attach RTD® bottle to water hose and turn cold water on. Rotate control knob to [spray bottle with one drop - see product label] for bottle filling at a 1:64 dilution or [insert bucket with one drop - see product label] for bucket filling at a 1:64 dilution. Dispense ready-to-use product into appropriate container by depressing trigger. Apply to surfaces to be cleaned. Wipe with soft cloth or towel to remove soil and to dry. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.

For Food Plant and Other Industrial Use Only: All food contact surfaces must be thoroughly rinsed with potable water after treatment with this product. Avoid contamination of food during use or storage.

For J-Fill® Use:

Attach cartridge to any J-Fill® Dispensing System and fill ready to use chemical by actuating touch point (reference J-FILL® dispenser instructions). Connect hose to cold water tap. Product will dispense at a 1:64 dilution. Actuate dispenser to fill ready-to-use product into spray bottle. Spray on surfaces to be cleaned. Wipe with soft cloth or towel to remove soil and to dry. This product is not intended for cleaning food contact surfaces. Improper use or dilution may result in damage to

surfaces and may result in health and physical hazards that match those of the concentrate.

For Food Plant Use: All food contact surfaces must be thoroughly rinsed with potable water after contact with this product. Avoid contamination of food during use or storage.

For Smartdose™/MC Use:

- Dose or dispense product using cold water into spray bottle or bucket.
- Apply to surfaces to be cleaned.

Bottle Fill (1:64): Fill spray bottle half full with cold water. Select spray bottle icon on SmartDose bottle, pull up on selector knob and completely push down on selector knob. Finish filling the spray bottle with water. Only one dose of concentrate (0.5 oz) for 32 oz of water.

Bucket Fill (1:64): Fill bucket with desired amount of cold water. Select bucket icon on SmartDose bottle, pull up on selector knob and completely push down selector knob. One dose of concentrate (2 oz) for 1 gallon (128 oz) of water.

General Use: Apply to surfaces to be cleaned. Wipe with clean cloth or towel to dry. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.

Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at www.diversey.com or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.

GREENGUARD Certified products are certified to GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit ul.com/gg.
