

Revitalizing Concrete Cleaner

Revitalizing Concrete Cleaner is a highly effective cleaner formula designed to remove soils and oils without dulling or damaging the appearance of your polished concrete floor.

Features & Benefits

- Part of a comprehensive concrete care solution which properly restores, seals and cleans concrete floors
- Provides powerful cleaning, effectively removing soils with no buildup and without dulling substrates
- Quickly emulsifies dirt for fast soil removal
- pH neutral when diluted
- Multiple dilution rates offer convenient cleaning options

Applications

- For use on concrete and all resilient and non-resilient flooring

Revitalizing Concrete Cleaner

Use Instructions

- Apply Revitalizing Concrete Cleaner with an auto scrubber or mop
- After cleaning, allow the floor to dry before resumption of traffic
- Clean auto scrubber according to manufacturer's directions
- Between cleanings, remove dust and debris with a microfiber pad or dry mop
- Check wear of floor on a regular basis to determine if Diversey Care Concrete Penetrating Stain Resistor or other guard product needs to be re-applied. Surfaces can be cleaned using a mop, single disc machine or auto scrubber.
- Light Dirt & Auto Scrubber – Dilute 1 oz. cleaner per gal. of water
- Heavy Dirt – Dilute 2 oz. cleaner per gal. of water
