

## 12" X 20" HORIZONTAL BAND SAW

Item Numbers 9683298 & 9683299

FEATURES	ADVANTAGES	BENEFITS
Heavy duty cast iron and steel construction	Minimal deflection & vibration	<ul style="list-style-type: none"> <li>• Quiet operation</li> <li>• Lower maintenance costs</li> <li>• Improved accuracy</li> </ul>
Variable speed drive system	<ul style="list-style-type: none"> <li>• Easy to change speeds</li> <li>• Allows operator to fine-tune blade speed to material being cut</li> </ul>	<ul style="list-style-type: none"> <li>• Better efficiency &amp; performance</li> <li>• Maximizes blade performance</li> <li>• Allows for faster cutting rates</li> <li>• Lower costs per cut</li> </ul>
Powertrain - Heavy duty oil bath worm & gear transmission	Delivers consistent surface feet per minute to the blade	<ul style="list-style-type: none"> <li>• Lower maintenance costs</li> <li>• Longer blade life</li> <li>• More accurate cuts</li> </ul>
Deluxe work stop	<ul style="list-style-type: none"> <li>• Easily adjustable to workpiece length</li> <li>• Accurately handles both small &amp; large workpieces</li> </ul>	<ul style="list-style-type: none"> <li>• Allows for accurate repetition of cuts</li> <li>• Delivers consistent accuracy</li> <li>• Increases productivity</li> <li>• Lower cost per part</li> </ul>
Adjustable hydraulic down feed system with adjustable counter balance spring	<ul style="list-style-type: none"> <li>• Accurate fine feed control</li> <li>• Smooth consistent feed rate</li> </ul>	<ul style="list-style-type: none"> <li>• Extends blade life</li> <li>• Improves accuracy of cut</li> <li>• Lower cost per cut</li> </ul>
Blade tension indicator with large hand wheel to ensure proper blade tensioning	<ul style="list-style-type: none"> <li>• Blade installs easily &amp; quickly from the top of the machine</li> <li>• Indicator ensures proper blade tension</li> </ul>	<ul style="list-style-type: none"> <li>• Easier faster blade changes</li> <li>• Improves blade performance &amp; life</li> <li>• Greater operator safety</li> <li>• Increased productivity</li> </ul>
Automatic shut off at the end of cut	Readies saw for set up of next cut	Greater operator convenience & safety
Semi- Automatic Cycle (Cycle - blade start, coolant start, saw head feeds down, finish cut, blade stops, coolant stops, saw head retracts to a preset height)	<ul style="list-style-type: none"> <li>• Provides automatic down feed and return of the saw head with the push of a button</li> </ul>	<ul style="list-style-type: none"> <li>• Increased operator convenience</li> <li>• Cuts faster, reducing time per cut</li> <li>• Increases through-put</li> <li>• Lower cost per cut</li> </ul>
Precision ball bearing & carbide blade guides with adjustable arm	<ul style="list-style-type: none"> <li>• Easily adjustable ball bearing &amp; carbide guides</li> <li>• Carbide pads positioned closest to the material being cut</li> <li>• Ensures maximum blade support</li> <li>• Ensures fast &amp; easy positioning</li> </ul>	<ul style="list-style-type: none"> <li>• Ensures proper blade alignment</li> <li>• Delivers consistent accuracy</li> <li>• Maximizes blade performance</li> <li>• Longer blade life</li> </ul>
Flood coolant system & blade brush	<ul style="list-style-type: none"> <li>• Most effective way to remove chips for the blade &amp; workpiece</li> </ul>	<ul style="list-style-type: none"> <li>• Longer blade life</li> <li>• Increased productivity</li> <li>• Lower cost per cut</li> </ul>
Quick acting vise	<ul style="list-style-type: none"> <li>• Fast clamping action with conventional tightening</li> <li>• Miter capabilities up to 45 degrees</li> </ul>	<ul style="list-style-type: none"> <li>• Increased productivity &amp; efficiency</li> </ul>

## 12" X 20" HORIZONTAL BAND SAW

Item Numbers 9683298 & 9683299

FEATURES	ADVANTAGES	BENEFITS
Conveniently located moveable operating control panel	<ul style="list-style-type: none"><li>All the controls are positioned in a moveable control panel that moves from the front, to the side or the back of the machine</li><li>All controls are marked for easy identification &amp; use</li></ul>	<ul style="list-style-type: none"><li>Greater operator convenience &amp; safety</li><li>Increased productivity</li></ul>
Safety Electrical Package	Low voltage protection with 24 volts at the switches	Greater operator safety
Speed & Pitch Saw Blade Selector	Provides easy selection of the saw blade, speed, feed and pitch tooth selection	<ul style="list-style-type: none"><li>Improves accuracy of cut</li><li>Increases efficiency &amp; performance</li><li>Longer blade life</li></ul>
