

# LYSOL®

## Toilet Bowl Cleaner Power & Free™ with Hydrogen Peroxide

Lysol® Hydrogen Peroxide Toilet Bowl Cleaner uses hydrogen peroxide to dissolve even the toughest toilet stains. This powerful new cleaning formula uses hydrogen peroxide to release thousands of micro-bubbles that dissolve tough toilet stains. This lime scale remover even cuts through lime scale, without the harshness of bleach. Lysol® Hydrogen Peroxide leaves behind no chemical residues: just a clean, fresh, scent. The thick formula clings to the bowl, brightening your toilet as it cleans and disinfects. The angled bottle targets hard-to-reach areas, including under the rim, leaving your entire toilet bowl sparkling clean, deodorized, and disinfected.

### Features & Benefits

- Contains 0% Bleach, no harsh chemical residue
- No gloves, masks or protective eyewear needed
- Disinfects & kills 99.9% of viruses & bacteria\*

**Use instructions****First Aid:**

- If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
- If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control or doctor for treatment advice.
- If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
- If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth- to-mouth if possible. Call a poison control center or doctor for further treatment advice.

**To clean / Disinfect / Sanitize:**

- Flush toilet before cleaning.
- Apply 4 oz. to coat the bowl including under the rim. Do not close lid.
- To clean: Scrub entire bowl and under rim thoroughly. Disinfect: Let sit for 10 minutes. Sanitize: Let sit for 30 seconds. Then flush.
- Rinse brush in fresh water after use. Repeat if needed.
- Direction for use: It is a violation of federal law to use this product in a manner inconsistent with its labeling. Read the entire label using product. To open child resistant cap: Hold bottle firmly with one hand on a flat surface. With other hand, squeeze sides of cap where indicated while turning counterclockwise. Do not remove cap. Avoid squeezing bottle when opening. To reseal, twist cap clockwise until tightly closed.
- To remove tough stains: Apply a generous amount of liquid directly onto tough stains. For severe rust stains, if possible, remove water from bowl first. Let soak for 15 minutes. Do not close lid. Follow cleaning directions above. Repeat if necessary. This product has been specially formulated for use only in toilet bowls. It should not be used or placed on toilet bowl lids, vanities, sinks, bathtubs, cabinet, counter tops, rugs, etc. Clean up spills and drips immediately. Do not use with chlorine bleach or any other chemical products. Will not harm plumbing or septic systems.
