ZK-015 E

HOW TO USE FREE STANDING

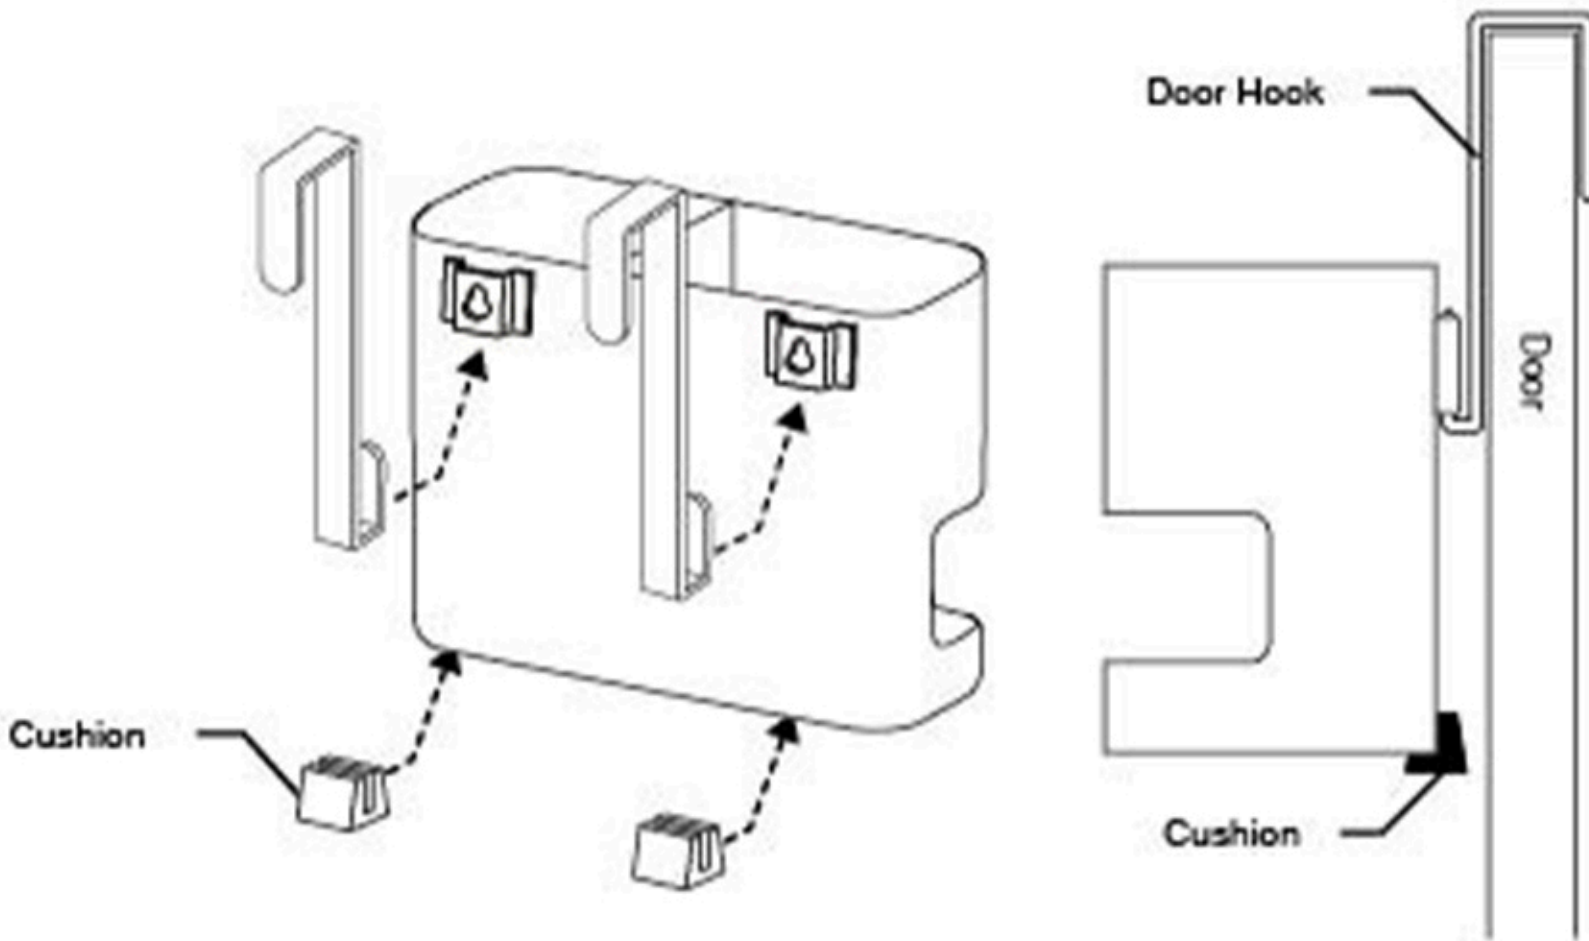

Attach the cushions to the four corners of the product.

! Do not store dryers or irons that are still very hot.
Doing so is a fire hazard and may cause damage to the product and other items.

HOW TO USE WITH THE DOOR HOOK

1. Attach the hooks to the product as shown below and ensure that they are secure.
Hang product on the door.
2. Attach 2 cushions as shown below.

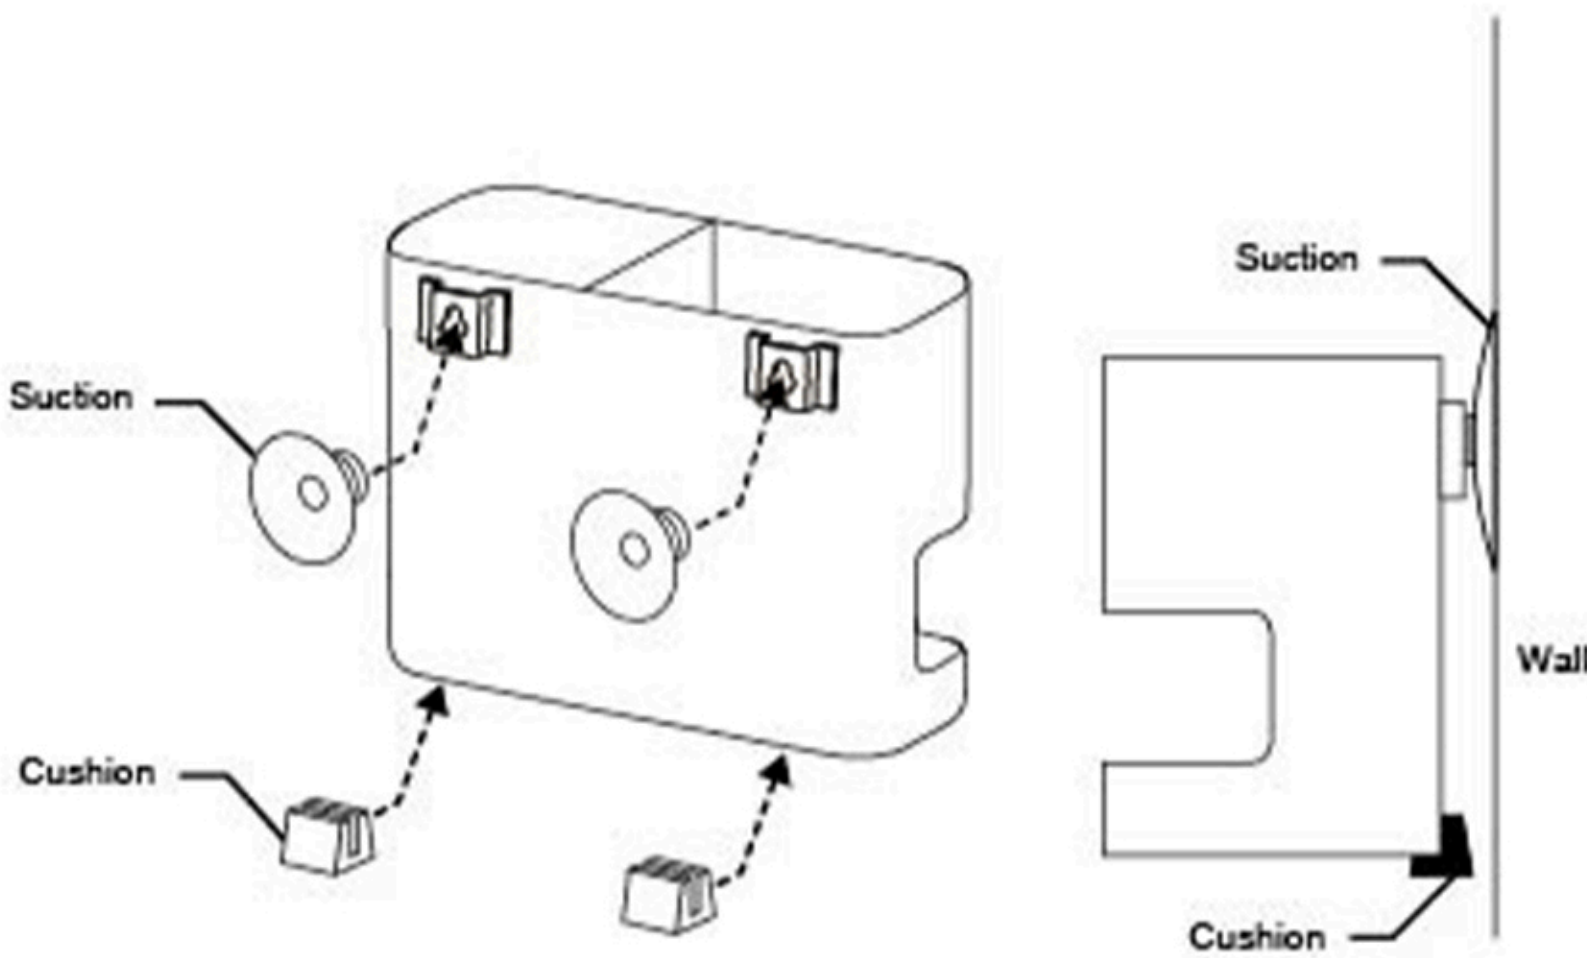

COMPATIBLE DOORS

- The thickness of doors must be approx. 0.5 to 0.8 inch.
- There must be at least 0.1 inch of open space between the door and the upper wall.
- *This product is suited to work with standard size cabinet doors.
- *Do not use this product on glass doors.
- *Set up the item gently over the door to avoid damage.
- *Ensure that that the product does not hinder the opening and closing of the door.

HOW TO USE WITH SUCTION CUPS

1. Wipe the wall with a dry cloth to remove all dust or dirt and let it dry.
Wash and dry the suction cups.
2. Attach the suction cups to the product as shown below and ensure it is secure.
3. Push along the center of the suction cups and make sure that no air is inside of them.
* When using with tile, be sure that it is not on any lines.
4. Attach 2 cushions as shown below.

WALLS THAT CAN BE USED (All must be flat)

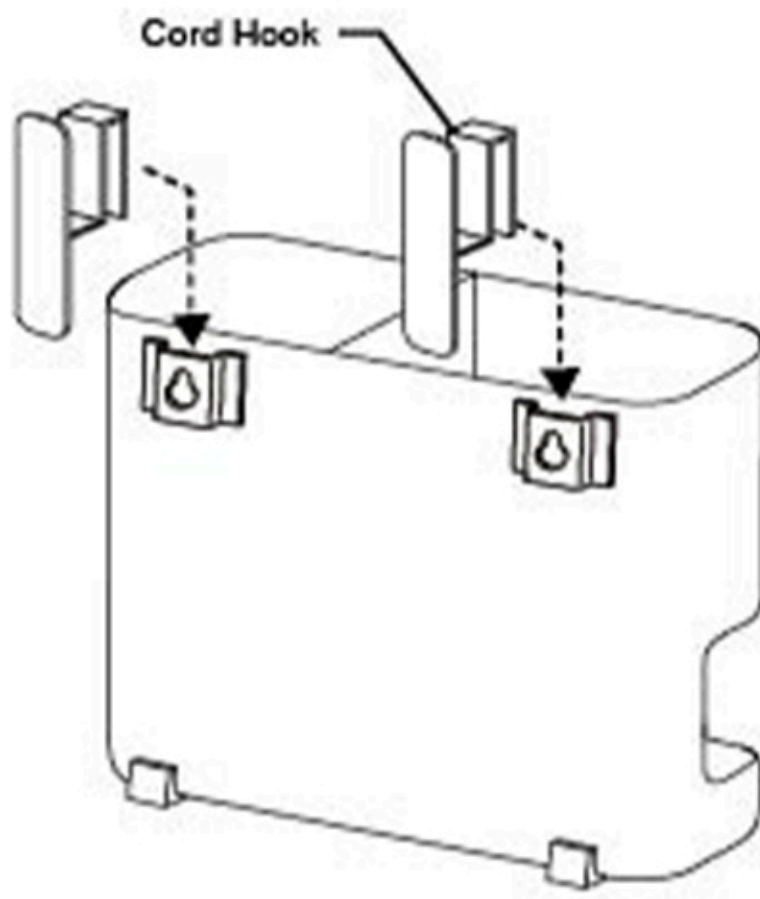

-Tile, Stainless Steel, Plastic, Clear Glass, Mirrors, Washing Machines or Other Appliances

! Caution! When using the suction cups, do not put the product on a window in direct sunlight.
Dust will collect and it is possible that the product will fall.

HOW TO ATTACH THE CORD HOOKS

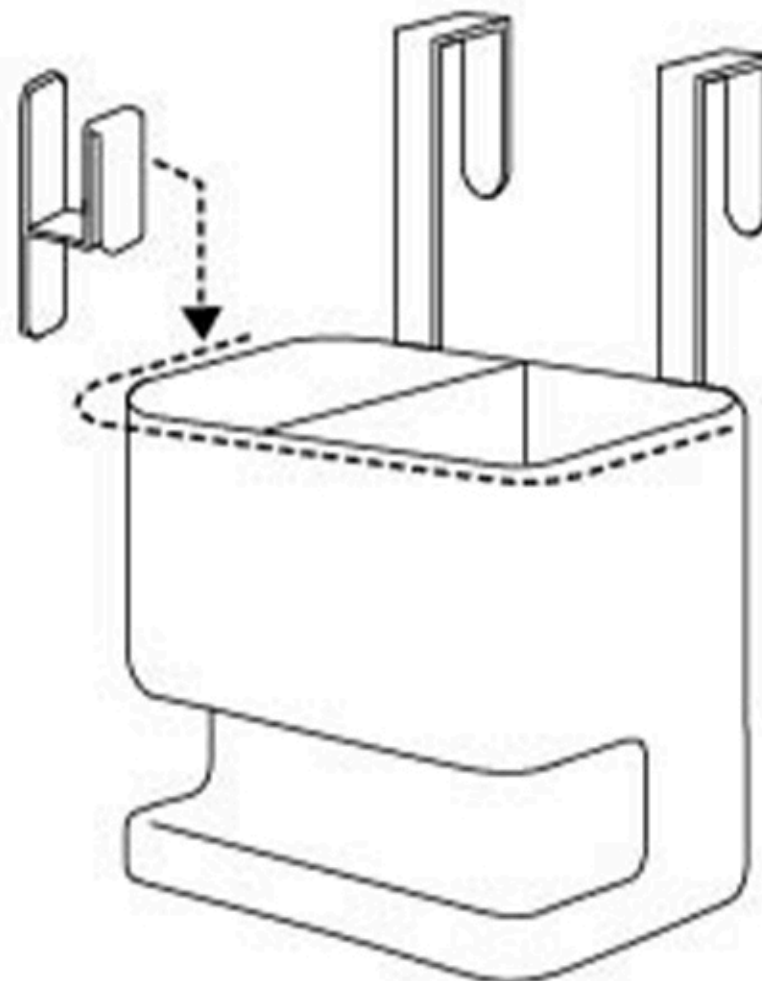

WHEN FREE STANDING

When the product is free standing, insert the cord hooks as shown to the left below.

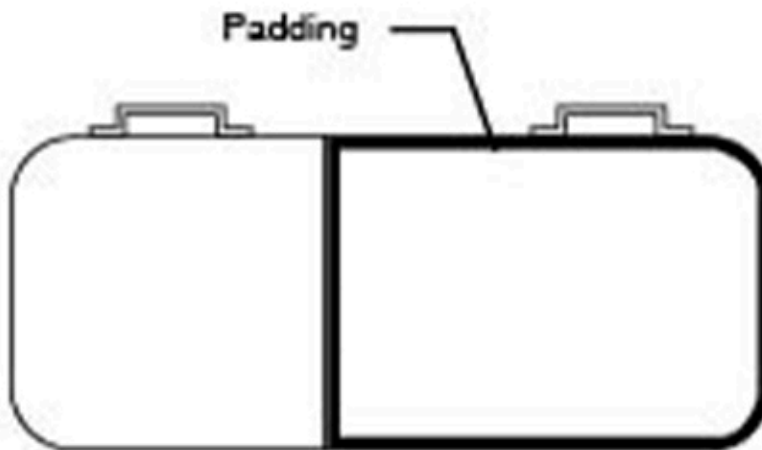

WHEN USING WITH HOOKS OR SUCTION

Attach the cord hook to the upper part of the body as shown to the right below.

HOW TO USE THE PADDING

Attach the padding to the product as shown to the right to avoid damage to hair dryers.

HOW TO CARE FOR

- When the product gets dirty or wet, wipe it with a dry cloth and make sure that it dries thoroughly. If the product stays wet for long periods of time, it may cause rust.
- Avoid using thinner benzene and bleach, as they will damage the product.
