# 26 SEER2

## Guarantees Optimal Comfort

'Intelligent Eye Technology' ensures your space is perfectly cozy when you're there, and energy efficient when you're not, delivering an unparalleled level of comfort and savings.

## WHISPER QUIET Operation

Contoured blades provide quieter operation and efficient air flow.

## Energy Performance

Ensures exceptional energy efficiency, leading to cost savings and reduced environmental impact.

## FEATURES

- Capacities available: 12,000, 18,000, and 24,000 BTU/h
- Wi-Fi Capable
- Effective heating in extreme cold at -30°C/-22°F and efficient cooling in high outdoor temperatures up to 50°C/122°F.
- Perfect solution for smaller living spaces, ensuring efficiency and comfort.
- Equipped with a stylish wireless remote controller featuring a Follow Me feature and intelligent dehumidification control, providing personalized comfort for the occupant with ease.
- 'Louver Position Memory' function automatically adjusts louvers upon each activation, maintaining the previous angled position for a reliable and personalized airflow experience.

### Energy Star Rated

Bright Choices for a Greener Tomorrow

### Neep Certified

Lighting the Way to Energy Excellence

### Intelligent Eye Technology

Seamlessly adjusts for ultimate comfort when you're present, and conserves energy when you're away.

Intelligent Eye
