

135 Bottle* Triple-Zone Wine and Beverage Cooler

EL-BWC30TB-S

The new EL-BWC30TB-S Wine Cooler & Drawer brings an element of class and elegance to any room. This premium wine & beverage cooler will allow you to store your collection in the optimal conditions so that your favorite wine and beverages can be kept at respective temperatures. An easy-to-use digital control panel with LED readout allows you to set the individual cooling zones at three different temperatures to ensure that your goodies, wine bottles and beverage cans are maintained properly. This unit features the glass door with pole handle in the upper section for wine storage and two drawers with stainless steel exterior and horizontal handle in the lower section for beverage storage. Gliding metal wire racks with 53mm high wooded lip, stainless steel drawers and glass door give a stylish look to this unit while providing you with easy access to your favorite wine and beverages. This attractive and modern Wine Cooler & Drawer is designed to be a worthy home for all of your finest collections.

Wine shelves extend 90% for easy access

Integrated storage accessory and sliding upper basket

Drawers use heavy duty stainless steel ball bearing glides
