Long-life spring and low-profile lock for quick, repetitive stripping and cutting

Marketing Text 10

Vinyl cushion grip resists slipping and has an ergonomic fit

PRODUCT SPECIFICATION −

Product Specification 1

Application : Stripping, Cutting and Crimping Wire Conductors

Product Specification 2

Capacity : 8-18 AWG Solid, 10-20 AWG Stranded

Product Specification 3

Finish : Laser etched and stamped feature indicators with color coded crimpers

Product Specification 4

Handle Type : Extended Standard Vinyl Cushoin Grip

Product Specification 5

Jaw Type : Plier-type nose with precision ground stripping holes and cutter

Product Specification 6

Material : High Grade Stainless Steel

Product Specification 7

Overall Length : 9" (226mm)

Product Specification 8

Package Type : Hanging Clamshell

Product Specification 9

Type : Manual Fixed Hole Stripper/Cutter/Crimper w/ Spring and Lock

Product Specification 10

Weight : 0.4oz (11.3g)
