LONG TERM CARE BED RAILS & BARS

Metal Swing Rail – Reorder No. 12950

Composite Swing Rail – Reorder No. 12951

Rotating Assist Bar – Reorder No. 12952

Pivot Assist Bar – Reorder No. 12953

Universal Rotating Assist Bar – Reorder No. 12960

Universal Pivot Assist Bar – Reorder No. 12961

- Assistive bars and rails provide stability to users getting in and out of bed
- Compatible with all Dynarex D-Series LTC beds
- **Rotating Assist Bar:** Durable steel construction that rotates 90° in either direction
- **Pivot Assist Bar:** Rotates down when not in use for added freedom of movement
- **Metal Swing Rail:** Easy-to-use push-button mechanism allows rail to swing up and down
- **Composite Swing Rail:** Pleasing design and comfort-touch technology provide a gentle feel
- Universal Bar options available for easy attachment to most brands' LTC beds
- Meets entrapment guidelines when properly installed
- 1 pair per case
