

The diagram illustrates the structure of a cell. The central nucleus is surrounded by cytoplasm, which is enclosed by a cell membrane. The entire cell is bounded by a cell wall.

The labels in the diagram are: NUCLEUS, CELL MEMBRANE, CYTOPLASM, and CELL WALL.

## **FALCETUE**

The diagram illustrates the structure of a cell. The central nucleus is surrounded by cytoplasm, which is enclosed by a cell membrane. The entire cell is bounded by a cell wall.

The labels in the diagram are: NUCLEUS, CELL MEMBRANE, CYTOPLASM, and CELL WALL.
