

† DISPLAY †

Ask an adult to test the wall surface by adding then removing the sticky tack from the wall. Proudly display your new magic reveal squeeze art!

When removing sticky tack from your wall, gently roll the sticky tack into a ball so the surface of the wall isn't damaged.

† KAWAII †

Important information about this paint

- The paint included is a non-toxic, acrylic paint that dries permanently on most surfaces.
- Paint may stain clothing, fabric and other surfaces. Cover your work surface and wear a smock or clothing appropriate for painting. Clean up any spills immediately while the paint is still wet.
- Have water and paper towels handy for wiping your squeegee. When finished creating, wash your squeegee with water to remove the paint and dry with a paper towel.
- Paint can settle and separate over time. Shake each tube before you begin painting.

PRACTICE † FIRST †

Tear a sheet from the paper pad for practice. Squeeze **small** amounts of paint as dots or lines on the top of the paper.

Hold the paper from the top. Use the squeegee to spread paint down your paper.

Do only 1 or 2 pulls with your squeegee.

Too many pulls will make the colors blend too much.

PRO-TIPS

- If you still have paint on your squeegee, you can do another pull on a clean sheet of paper, or wipe off your squeegee with a paper towel.

- After paint is dry, use heavy items to flatten the paper before displaying.

SQUEEGEEZ™ TECHNIQUES

Experiment with different techniques and color combinations to make waves, rainbows, swirls, and more!

MAGIC REVEAL BOARDS

After trying color arrangements and techniques on the practice papers, you are ready to try the magic reveal boards!

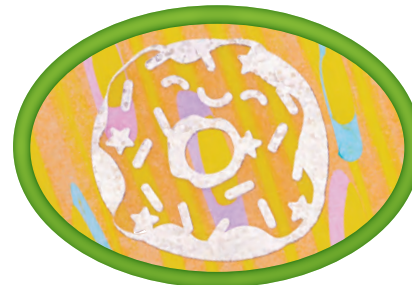

As you drag the squeegee down the paper, the hidden designs will be magically revealed!

STICKER TECHNIQUES

BEFORE: Apply stickers to your paper. Squeegee paint over the entire surface. Once dried, remove the stickers to reveal the shape underneath.

AFTER: Add stickers to dry paintings for fun accents.
