

Break-Up[®] Professional

Fryer Boil Out

Break-Up[®] Professional Fryer Boil-Out liquid formula is specifically designed to degrease and clean food service fryers. Regular cleaning with fryer boil-out enhances the flavor and appearance of foods while improving the life of shortening.

Features & Benefits

- NSF and Kosher certified
- Penetrates, emulsifies and cleans away built-up, carbonized grease with the combination of heat and chemical action
- Simplifies product handling, eliminates waste and controls fryer cleaning costs with convenient, portion control pouches
- Saves time with no neutralizing step required after cleaning
- Degreases and cleans food service fryers while preventing boil over with low-foaming formula
- Safe on equipment, the non-corrosive formula contains no phosphates

Applications

- Food service and deep fryers
- Safe for aluminum

Break-Up® Professional

Fryer Boil Out

Use instructions

- Drain fryer, then rinse with water to remove loose soil.
- Close drain and fill fryer with water to oil fill line.
- For a 15–20 lbs. (7.5–10 L) fryer add one pouch of Break-Up® Professional Fryer Boil-out to fryer. For a 30–40 lbs. (15–20 L) fryer add two pouches.
- Turn on heat and bring to a boil. Maintain a gentle boil for 10–30 minutes. Control temperature at about 225° F (105° C) to prevent boil over.
- While solution is boiling, use a brush or scraper to loosen soils above the oil fill line.
- Drain fryer and rinse thoroughly with potable water.
- After fryer has cooled, wipe dry with cloth or allow to air dry.
