

# Charge Case and Charge Stand 2 User Guide

Charge Case

30W Power Supply

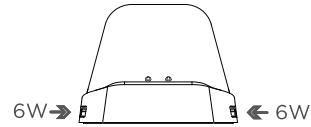

Charge Case Module\*

Charge Stand 2

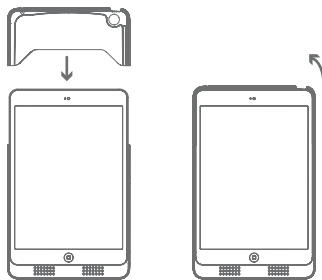

4

Plug in external mobile devices into USB ports to power them. Each USB port outputs 6W. The USB ports can charge smart phones and small tablets.

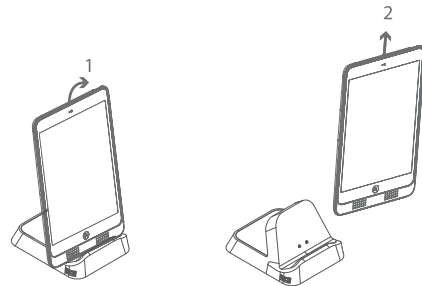

1

Slide iPad® into Charge Case. Slide Charge Case top onto iPad. Ensure a tight fit. Pull from one side of Charge Case top to remove.

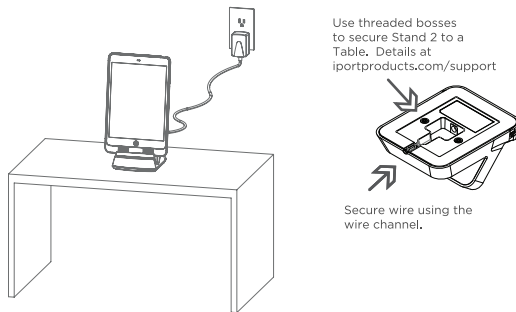

5

Remove iPad from Stand:  
1. Pull iPad towards you.  
2. Lift iPad from Stand.

2

Plug Power Supply into wall receptacle. Plug barrel connector into bottom of Charge Stand. Choose the correct adapter if using outside North America. Place Stand on a flat and solid surface.

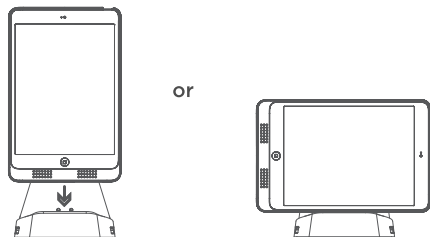

6

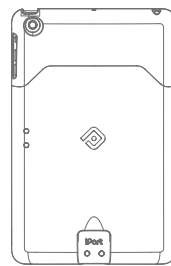

OPTIONAL: Remove Module from Charge Case by pushing downward with finger. Once removed, charge iPad® with Lightning cable (not provided).  
NOTE: Charge Case will not charge iPad without Module installed.

3

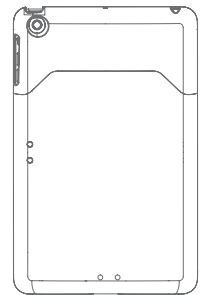

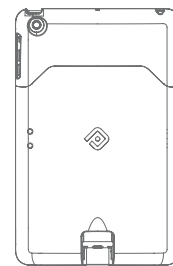

Place Charge Case onto Stand. Magnets will assist with alignment.

Mini 4, 5th gen

iPad 10.2 | 10.5 inch

\*Charge Case Module eliminated from 10.2 | 10.5 model.

**Caution:** This product contains magnets. Do not place in direct proximity with magnetically sensitive objects such as credit cards or exposed hard drives. Persons with pace makers are not recommended to use this product.
