

# EP64

## Neutral Cleaner

EP64 Neutral Cleaner is a non-alkaline formulation for daily use on floors, walls and other washable surfaces.

### Features & Benefits

- One-step cleaner with non-alkaline formulation dries film-free with no need for rinsing
- Low-foaming formula allows for less emptying of recovery tanks
- Cleans nearly all washable surfaces

### Applications

- For use on floors, walls, restrooms and other washable surfaces

Use instructions

MOP AND BUCKET FLOOR CLEANING:

Mixture: Dilute 1:64 (2 ounces of concentrate per gallon of cold water) for normal soil. Dilute 1:32 (4 ounces of concentrate per gallon of cold water) for heavy soil.

Application: Apply to floor being cleaned. Pick-up soil and excess cleaner with a tightly wrung-out cleaning mop.

SPRAY & WIPE CLEANING:

Mixture: Dilute 1:64 (2 ounces of concentrate per gallon of cold water) for spray & wipe cleaning.

Application: Apply to surface being cleaned. Wipe and let surface dry.

MACHINE CLEANING:

Dilute 1:128 (1 ounce of concentrate per gallon of cold water) for daily cleaning. Dilute 1:64 (2 ounces of concentrate per gallon of cold water) for deep scrubbing.

Application: Scrub with red pad daily. Double scrub with green/blue pad before recoating or restoring. Trail mop machine turns, edges and low spots in the floor to pick up cleaning solution left behind by machine. Suitable for use in non-food processing areas. Do not contaminate water, food or feed by use, storage or disposal.

Note: When cleaning floors position wet-floor signs around area to be cleaned. Floors will be slippery when wet or contaminated with foreign materials.

Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at [www.diversey.com](http://www.diversey.com) or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.
