Meet Ethan

Each set in the PowerClix® Explorer Series are inspired by 16-year old Brooklynartist, Ethan Wadsworth. Original artwork, storyline, comic, backdrop and characters are all created by this talented young artist.

From the age of 8, Ethan has spent several hours each and every day drawing and developing friendly and inviting characters. Ethan's characters now bring PowerClix® structures and creatures to life, sparking the imagination and inspiring both the engineer and the artist in every child.
