

BEAD JAR INSTRUCTIONS: FRONT

Perfect for parties, group crafts, gift giving, and more!

You will need a pair of scissors. Tape is optional.

1
Place a small towel on a tray or cookie sheet, pour out your beads. This will keep them from moving while you craft.

2
Measure the cord around your wrist. Add 3 extra inches (7.6cm) and cut. Place a piece of tape or tie a bead on one end to keep your beads in place while you craft.
