TASKI® Zorba leak lizard

TASKI Zorba leak lizard is a highly absorbent disposable strip that can be used to control leaks and spills in a wide range of application areas.

Due to its excellent absorbency properties, TASKI Zorba is ideal for combating leaks and spills from chiller cabinets in food retail environments, therefore radically reducing the risk of slip / fall accidents.

It now also contains a unique, patent protected red indicator stripe which becomes visible when the strip is fully saturated and ready to be changed. The TASKI Zorba leak lizard chevron design acts a functional warning device also helping to prevent accidents in high traffic areas.

With its ease of distribution and application, TASKI Zorba leak lizard is the perfect solution for applications such as protecting fixtures and fittings when stripping hard floors, protecting sills and ledges when window cleaning and preventing contamination while cleaning swimming pool areas. The strip can also be used for kitchen cleaning, washroom cleaning as well as room cleaning in healthcare environments. Results show improved performance and increased efficiency compared to existing methods such as paper towels and mopping equipment.

Key advantages

- Simple solution
- Improved safety and efficiency
- Excellent absorbency – up to 2 L
- Multiple range of applications

Benefits

- Easy to use – minimal training required
- Reduction in slip-fall risk
- Functional warning device
- Quick response

The Diversey logo features the brand name in a white serif font inside a dark blue leaf-like shape with a white outline. A stylized white leaf icon is positioned to the right of the text.

TASKI® Zorba leak lizard

Use instructions

- Pierce and remove perforations for handle and dispensing sections.
- Remove adequate amount of strip for application from carton and tear at perforation.
- Place strip at base of leak/spill or where an effective barrier is required.
- Remove when red stripe is visible and the strip is fully saturated or application complete.
- Dispose of used/saturated strip in a suitable refuse container.

Suitable for a wide range of applications including:

Chiller cabinets/floor stripping/kitchen cleaning/washroom cleaning/window cleaning/swimming pool cleaning/hospital room cleaning.

Please note:

- TASKI Zorba is not designed to be re-used
- TASKI Zorba is designed to absorb aqueous liquids
- Store carton in a dry area

Technical data			
Contents	1 carton containing 30 metres (100 ft) of strip	Core composition	Super absorbent polymer
Carton weight	0.82 kg	Outer strip composition	Non-woven (100% polypropylene)
Dimensions	30 x 29.5 x 13 cm	Absorbency	2 L per strip (1 strip = 60 cm)
Width of strip	12 cm
