Item #	Inner	Master	UPC	Packaging
<b>W1004</b>	0	50	039564150616	Color Box

- Use it to lift smaller items like panes of glass, or mirrors squares, or attach it to your phone for a stand
- Helps repair phone, tablet, and laptop screens
- Has a quick lock and release handle to lock the suction in place and provide stability
- Small but they can still work well to repair car dents where the panel has not been creased
- The non-slip handles are made of thickened ABS plastic, and resist being deformed, or broken
- Each of the suction plates is 5.8 cm. (2.18 in.) in diameter
- The maximum lifting Load capacity is 6 kg. (13 lbs.)
