

Code: 9314

Size: 30 Softgels

Actual Size: 25.93 mm x 9.60 mm

CoQ10

**Natural Form • Stabilized & Highly Absorbable
400 mg**

- Identical to the form produced by the human body for high bioavailability
- Helps support cardiovascular health, helps support mitochondrial health, and has antioxidant activity*
- Higher amount of 400 mg reduces the need of taking multiple pills during the day and keeps pace with research
- Safe from contamination by undesirable residue or microorganisms, including bacteria or yeast
- In a base of natural rice bran oil and vitamin E to ensure a stabilized and highly absorbable form of CoQ10

PRODUCT SUMMARY

CoQ10 has antioxidant activity and helps support mitochondrial health.* It is a coenzyme for numerous reactions involved in cellular respiration, and is required for the efficient formation of adenosine triphosphate (ATP), the cellular currency which drives the majority of enzymatic reactions.^{1,2} It inhibits peroxidation of cell membrane lipids as well as circulating lipoproteins.^{3,4}

CoQ10 helps maintain cardiovascular health by supporting healthy blood vessels, maintaining normal myocardial function, and supporting healthy blood pressure already within the normal range.*⁵⁻⁸ CoQ10 may also help maintain normal blood flow, support male reproductive health, and maintain oral and gingival health.*⁹⁻¹¹

COQ10

NATURAL FORM · STABILIZED & HIGHLY ABSORBABLE · 400 MG

Supplement Facts

Serving Size 1 Softgel

	Amount Per Serving	% Daily Value
Coenzyme Q10 (Microorganism)	400 mg	**

** Daily Value not established.

Other ingredients: Rice bran oil, softgel (gelatin, glycerin, purified water, carob), natural vitamin E.

Serving Size: 1 Softgel

Servings per Container: 30

Suggested Usage: 1 softgel per day or as directed by a health care professional.

Coenzyme Q10 helps support cardiovascular, nervous system, and periodontal health.* Each softgel is in a base of rice bran oil and natural form vitamin E to ensure a stabilized and highly available form of CoQ10.¹²

Caution: Consult your health care professional prior to use if you are pregnant, trying to become pregnant, breastfeeding, taking medication, have a medical condition, or anticipate surgery. Keep out of reach of children.

Contraindications: No significant contraindications.

Drug Interactions: Although very little evidence supports this interaction, CoQ10 resembles vitamin K structurally, and a potential interaction is possible for those taking the anticoagulant warfarin. Close monitoring of the INR is recommended with CoQ10 introduction in these patients. No other negative drug interactions are known for CoQ10.¹³

Contains no artificial colors, preservatives, or sweeteners; no dairy, starch, sugar, wheat, gluten, yeast, soy, corn, egg, fish, shellfish, salt, tree nuts, or GMOs. Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.
