

The diagram illustrates a path starting from a point on the left, moving upwards and then curving to the right. The path ends at a point on the right. To the right of the path is a vertical rectangular box containing a grid of small squares. Some of the squares in the grid are filled with black dots, while others are empty.

## QUESTION

The diagram illustrates a path starting from a point on the left, moving upwards and then curving to the right. The path ends at a point on the right. To the right of the path is a vertical rectangular box containing a grid of small squares. Some of the squares in the grid are filled with black dots, while others are empty.
