

Kinetic Garden Stake

Assembly Instructions

A

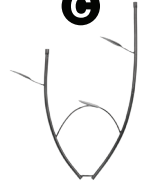

Nut Bolt (2)

B

Flower (2)

C

Branch Pole

D

Stake Base

E

Wing Nut

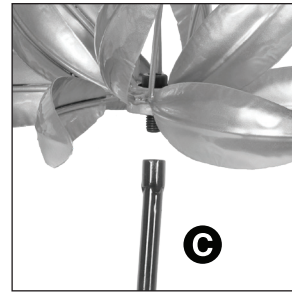

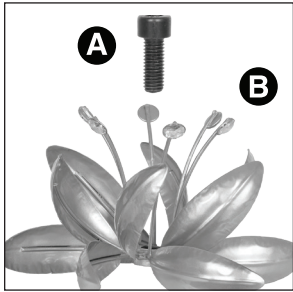

F

Allen Wrench

Step 1: Attach nut bolt (A) to flower (B) by sliding nut bolt into flower.

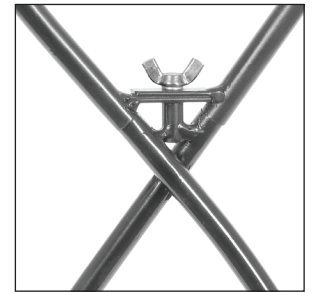

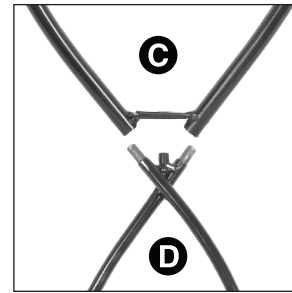

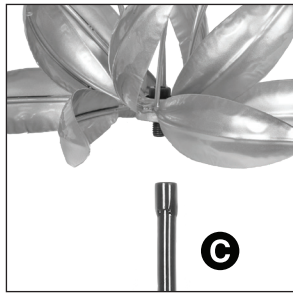

Step 2: Attach nut bolt (A) (the result of step 1) to branch pole (C) by turning it to the right until it is firmly tightened. **Note:** Use allen wrench (F) to hold nut bolt in place.

Step 3: Repeat step 1 and 2 to attach the other flower to branch pole (C).

Lay Assembly on the ground for the following step.

Step 4: Attach branch pole (C) to stake base (D) by sliding branch pole into stake base. Then secure the nut wing (E) by turning it to the right until it is firmly tightened.

When everything is assembled, insert stake base firmly into the ground. For best results, install on flat ground and ensure that the stake is 90 degrees vertical to the ground.
