

## SURESHADE POWER BIMINI

The SureShade Power Bimini offers pontoon owners a high quality, customizable shade solution designed for aftermarket installations. This easy to operate bimini top deploys in seconds with the touch of a button, for the shade you want, the moment you want it.

# ENJOY THE CONVENIENCE OF A POWER SHADE SYSTEM

## Powerful Innovation

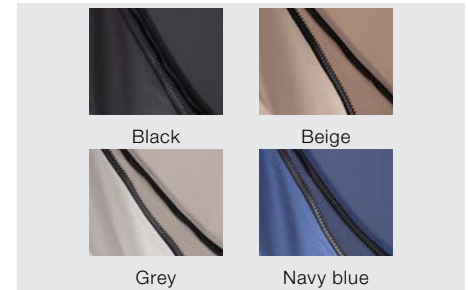

With the SureShade Power Bimini, boaters can automatically adjust their pontoon or deck boat top in seconds with a conveniently located switch.

## Built Tough

Equipped with a durable, aluminum frame, marine-grade canvas, and two heavy-duty 12V DC electric actuators — this shade system was engineered to withstand the rigors of the marine lifestyle.

## Multiple Configurations

Find your style. Choose from an anodized black or clear alloy frame, and multiple canvas color options.\*

\*More colors available as standalone canvas replacements. See your sales rep for details.
