

Safety

See safety datasheet (if applicable) and product label for safety information, handling and proper use.

Directions for Use

DISH RINSE AID is accurately dispensed directly from the shipping container. A technician will adjust the dispensing unit for optimum results. DISH RINSE AID can be safely used on plastic glassware.

Dish Rinse Aid has been formulated specifically for use in all temperature warewashing machines and bar glass washers. Dish Rinse Aid sheets water from the surfaces of eating and cooking ware allowing them to dry quickly and virtually spot free. Designed to be used with all temperature dish machines.

Features & Benefits

Formulated for all temp performance.

Prevents spotting.

Speeds drying time.
