### **Product Specification 1**

Application : Used to provide a larger idler roller frame and to make the mounting legs adjustable of Cable Tray Feeder (CTF-200). Using this kit will allow the CTF-200 to feed cable in outer diameter size of 2" (50.8 mm) up to 4" (101.6 mm). The adjustable legs allow the feeder to be seated an additional 2" (50.8 mm) above the tray compared to the standard legs of the CTF-200.
