

VERTEX

EQUIPMENT RACK POWER DISTRIBUTION WITH GROUND ISOLATION

VT-EXT mounted to rack.

8 outlet power strip designed specifically to be mounted to the vertical leg section of an equipment rack. The perfect way to extend the protection and filtration from an existing Panamax or Furman power conditioner.

Simply attach mounting clips in desired location for an easy installation. Snap the VT-EXT into clips for a sturdy and secure fit and plug into a Panamax/Furman power conditioner. The plastic spacers in clips provide ground isolation from the rack.

Nut, top plastic spacer, metal clip, bottom plastic washer and bolt.

FEATURES

10 ft. detachable power cord.

Security retention clip

Resettable circuit breaker

SPECIFICATIONS
