

## OUR mattress recycling program prevents thousands of mattresses from ending up in landfills

Where do **YOUR** mattresses end up?

## SAVE MONEY. SAVE THE EARTH.

Somnum's EnviroSpring™ mattress is an environmentally-conscious mattress constructed with a unique blend of cushioning polymer fibers and layers of premium fiber. The EnviroSpring's construction is 100% recyclable, which means we're producing less waste and more mattresses. With our eco-friendly approach to the construction of the EnviroSpring mattress, we provide a *premium mattress and premium cost savings*.

### How we recycle our mattresses:

1. First, we chop up the mattress's cushioning polymer/fiber core.

2. Then, we grind the chopped polymer core into fine particles.

3. Next, we melt down the finely ground polymer particles into tiny pellets.

4. Once we've melted the ground particles into tiny pellets, we form them into fine polymer fiber strands

5. Finally, a state-of-the-art water treatment process forms the fine polymer strands into dense polymer layers, creating a durable and comfortable mattress core.

# somnum EnviroSpring™ Mattresses

made with 100% recyclable materials

## SAVE MONEY. SAVE THE EARTH.

Built with sustainability in mind, somnum's EnviroSpring mattress is durable, comfortable and made with 100% recyclable materials. Perfect for college, university and institutional housing, the EnviroSpring's "Dual-Density" construction allows for both firm support and soft comfort simply by flipping the mattress. The recyclable polymer/fiber core provides all of the comfort of a standard innerspring mattress without the added weight of steel innersprings.

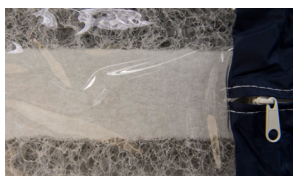

The EnviroSpring's renewable materials are formed through a multi-step process that grinds, sanitizes and reforms the cushioning polymer/fiber core for use in a brand new EnviroSpring mattress, keeping your mattresses out of landfills and helping to save the environment. Our mattress might be blue, but we've made it *GREEN!*

### Available Sizes:

**Twin** 6" x 38" x 74"

**Twin XL** 6" x 38" x 80"

Custom sizes available
