## Basic Electronic Lock Management

Simple | Cost-Effective

Available in both Keypad and Touch RFID lock styles, this electronic lock management solution allows for **up to 20 unique users and up to 6 managers** across all CarePod™ Wall-Mounted Workstations in your facility.

### Features:

- Each facility requires one (1) yellow Programming Key, used to set up each CarePod lock
- A minimum of one (1) black Manager Key is required to set or change user codes and manage access for a Basic lock, with a maximum of (6) six black Manager Keys allowed per individual lock
- All keys sold separately. Actual key measures L5.125" x W1.3125" x D.75"
