NOTE: This statue is hand-painted metal. Imperfections in the paint and some rust spots are a natural part of the manufacturing process and are not cause for return.

WARNING:

Manufacturer and seller expressly disclaim any and all liability from personal injury, property damage or loss, whether direct or indirect, or incidental, resulting from the incorrect attachment, improper use, inadequate maintenance, or neglect of this product.

ASSEMBLY

1. Insert Alert Crane Legs (B) upward into the bottom of Alert Crane Body (A) and tighten the wingnut on the leg of the body.
2. Insert Turned Crane Legs (D) upward into the bottom of Turned Crane Body (C) and tighten the wingnut on the leg of the body.
3. Place the statues on a flat, level surface. If placing the statues on grass or firm soil, use the included Ground Stakes (E) to anchor the bottom of the legs.

IMPORTANT: Do not place statues in high-traffic areas such as locations where children and pets play. If placing statues on a wood or brick patio, use a heavy object such as a brick or stone (not included) to anchor the statues; this will help prevent them from tipping over during windy conditions.

CARE & MAINTENANCE

CLEANING: Use a soft, dry cloth to gently wipe away dirt and debris. For stuck-on dirt, dampen a soft cloth and gently wipe soiled surfaces. Do not scrub, use cleaners, or abrasive materials as doing so will damage the finish and void the product warranty.

SUN EXPOSURE: As with any product, sun exposure will gradually fade and discolor finishes over time.

WATER DAMAGE: Over time, water will cause natural erosion to the finish and structure of this unit. Damage and degradation from exposure to water and weather elements are not covered under the product warranty.

WINTER CARE & STORAGE: Store in a dry, indoor location. This item was not manufactured to withstand extreme temperature changes. Do not allow water to pool or freeze on or inside the unit.
