IMPORTANT

Be sure to read instructions thoroughly before beginning installation. Do not overtighten any connections or damage may occur.

SAFETY TIPS

Cover your drain to prevent loss of parts.

MAINTENANCE

Periodic cleaning using a mild soap and warm water will help keep your Hand Shower Hose in its original condition.

For best results, dry immediately with a soft, clean cloth. **DO NOT USE** harsh and/or abrasive cleaners.

WARRANTY

Additional warranty information can be found at: www.spekman.com

1

Ensure hose washer is inserted inside connector to avoid leaks. Thread end of hose to the outlet port of Bracket. Hand tighten. **WATER WILL NOT FLOW THROUGH THE HOSE IF THE WRONG SIDE IS CONNECTED.**

NOTE: Label around hose shows "This end assembles to water supply". Remove label before installation.

2

Ensure hose washer is inserted inside connector to avoid leaks. Thread remaining end of hose to base of Hand Shower. Hand tighten.
