X-TREME BOX™ TEMPORARY POWER CORDS & “Y” ADAPTER

X-TREME BOX™ TEMPORARY POWER CORDS & “Y” ADAPTER

Southwire provides a wide offering of safe and convenient extension cords, power supply cords and adapter cords to connect tools and equipment to jobsite power. These temporary power cords allow you to safely connect power for larger tools and equipment or X-TREME BOX™ temporary power distribution units.

JOBSITE TOUGH

- Custom-blended jacket material for superior flexibility and chemical and abrasion resistance
- SEOW cord protects from water and oil penetration
- Premium devices for jobsite connections

POWER

- 6 gauge conductors deliver power safely
- 50 Amp locking devices securely connect source to load
- Attachable devices provide superior connection strength and allow field repairs if cords are damaged

PREMIUM HUBBELL DEVICES

X-TREME BOX™

TEMPORARY POWER CORDS & “Y” ADAPTER

- California-Style connectors and premium SEOW cord for jobsite tough power distribution
- Attachable devices offer field repairable convenience
- Safe plug-and-play design to power any X-TREME BOX™ product
- Choose premium Hubbell® devices for best performance
