## Caution

### FCC Compliance Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of this device. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter. The Bluetooth antenna cannot be removed (or replaced) by user. This equipment complies with FCC/ IC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines and RSS-102 of the IC radio frequency (RF) Exposure rules. This equipment has very low levels of RF energy that it deemed to comply without maximum permissive exposure evaluation (MPE). But it is desirable that it should be installed and operated keeping the radiator at least 20 cm or more away from person's body (excluding extremities: hands, wrists, feet and ankles). Alteration or modifications carried out without appropriate authorization may invalidate the user's right to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  Relocate or reorient the receiving antenna.  Increase the separation between the equipment and receiver.  Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  Consult the dealer or an experienced radio/TV technician for help.

### Caution

**Adjustments or alterations of this device may result in hazardous radiation exposure.**

## Caution

### Precautions

**BE SURE TO OBSERVE THE FOLLOWING GUIDELINES:** Do not turn up the volume so high that you can't hear what's around you.

Use caution or temporarily discontinue use in potentially hazardous situations.

Do not operate mobile video equipment while driving a motorized vehicle – safe driving and safety consideration of others should always be your highest priority.

Set your volume control at a low setting, then slowly increase the sound until you can hear it comfortably without distortion, or ear discomfort.

In the event you should notice smoke, strange noises or odor from this product, or any other abnormal signs, immediately turn off the power and consult your dealer or the nearest authorized **BOSS AUDIO SYSTEMS** Service Center.

Using this product in this condition may result in permanent damage to the system.

### Installation Precautions

Boss Audio Systems does not recommend to install the product yourself.

We recommend to have it professionally installed by a certified professional.

Always consult with a professional installer .

**Do not attempt to install or service this product by yourself.** Installation or servicing of this product by persons without professional training and experience in electronic equipment and motorized vehicle accessories may be dangerous and could expose you to the risk of electric shock, injury or other hazards

Refer any repairs to a qualified BOSS AUDIO SYSTEMS Service Center

## Caution

### Before Installing

To avoid potential shorts in the electrical system, be sure to disconnect the (-) battery cable before installation.

Use this unit with a 12-volt battery and negative grounding only. Failure to do so may result in a fire or malfunction.

### Product Safety

It is against Federal and Local laws for video to be viewed by the driver while the vehicle is in motion. This video product was intended to be used with the parking brake safety feature. Video cannot be seen without the proper parking brake powered connection. Tampering or disabling this feature will void any and all warranty. Please check with a professional installer to have your product installed properly.

### Important Note

Due to ongoing enhancements, example images on screens may slightly differ from actual product.

## Caution

### Images and Video

Watching video while driving is against Federal, State, and Local laws.

Drive safely, know and obey traffic rules. Watching this screen and making selections while driving can lead to a serious accident.

Check surroundings for safety while camera images are displayed.

Do not use features of this product while driving if it cannot be operated safely and legally in your location. Before operation of smartphone Apps accessible from this device, read safety instructions in your Owner's Manual. When using navigation Apps stay alert to observe real world conditions.

### About this manual

To entirely understand how to properly use your new Boss product, it is recommended to read this entire user's manual, and keep it in a safe place for future reference.

- Read the entire manual
- Keep the manual
- Follow all instructions
- Clean with a dry cloth only
- Do not use or operate near water
- Do not defeat any safety features

### California Residents (Proposition 65)

This product may contain chemicals known to the State of California to cause cancer, birth defects or other reproductive harm.

## Basic Product Operation

# Basic Product Operation

## Product Basics

### Power On /Standby

1. **Touch** once to Power ON
2. **Touch and Hold** for Standby

#### NOTE

In **Standby Mode**, the LED will slowly pulse on and off.

### Volume

1. **Touch** once on either "+" / "-"
2. **Touch and Hold** for quicker operation

### Mute

1. **Touch** to Mute

### Siri

- Touch to command

#### NOTE

CarPlay must be active

### Display Off

- Touch and Hold Mute

### Display On

- Touch the display to reactivate

## Basic Product Operation

### Using and Caring for the Touchscreen

#### **Use:**

This head unit utilizes a Capacitive Touchscreen, the same type that is used on high-end mobile devices. It should be used for and cared for like that type of device. As with all capacitive type technology, if your fingers are wet or sweaty, it will not function properly.

Do not allow any sharp objects to come in contact with the screen glass.

#### **Care and Cleaning:**

To clean the screen, use a dry microfiber type cloth to clean. Do not use ammonia, window cleaner, or any other type of household chemicals to clean the screen. Abrasives should not be used at all.

# Basic Product Operation

## Product Setup (Date & Time)

### Setup Option A: CarPlay Method

Connect your Apple® device using a Lightning® cable\*. The CarPlay USB port must be used.

This will automatically setup the time and date.

User must set Time Zone manually.

Default is Pacific Time Zone

### Setup Option B: Date and Time

### Additional Setup *pg. 26*

General > Language

Audio > EQ, Other Audio Settings

Display > Illumination, Brightness, LED

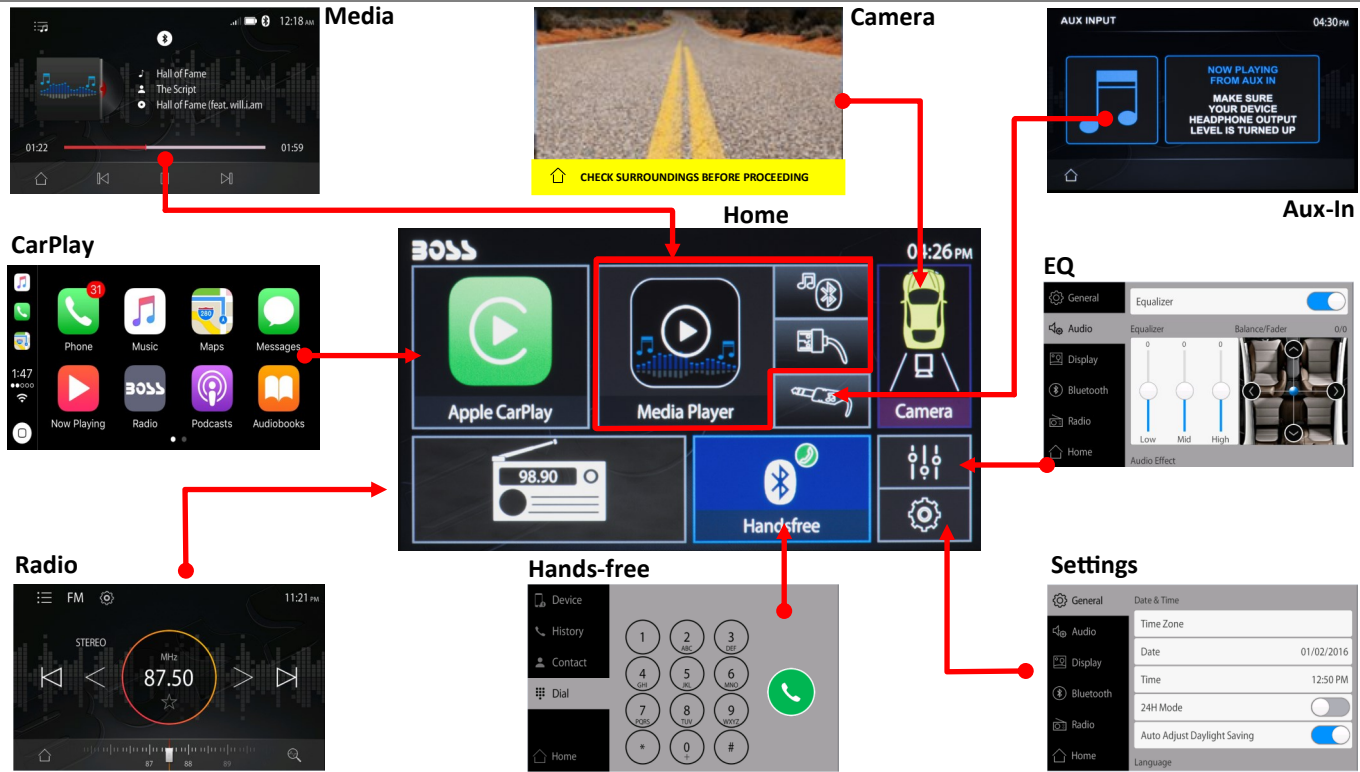

Steering Wheel Controls > Programming

Vehicle Specific Buttons

# Basic Product Operation

## Navigating the Menus

# Apple CarPlay

## Using CarPlay

### **Note**

Apple CarPlay usage is limited while driving.

Functions, contents, and usability is determined by the App provider(s).

Controls will vary with each App that is available for CarPlay.

For more details visit:

<http://www.apple.com/ios/carplay>

### **WARNING**

Familiarize yourself with your Local and State laws regarding mobile devices.

Certain functions of an iPhone might be prohibited and or illegal while driving in your location.

When in doubt, park the vehicle and engage the parking brake first before performing the function(s).

For other cautions and warnings see **pg. 9**

### Connecting to CarPlay USB Port 1

1. Connect the CarPlay compatible device via Lightning® cable (not included).
2. The iPhone will load the CarPlay function.
3. On the display, the CarPlay will illuminate green, touch it to enter the CarPlay menu.
4. To return to the product Home menu,

Touch

### **NOTE**

The product's Bluetooth will turn **OFF** automatically when CarPlay is in use. Hands-free phoning will function through the CarPlay feature.

When using CarPlay, there is no need to pair your iPhone, the USB cable connected through the USB Port (1) will enable this feature.

If other devices are connected via Bluetooth, they will be disconnected for the duration of CarPlay use.

### Gestures & Control

Basic controls, but not limited to:

Touch

Swipe

Dragging

Other gestures and controls might differ on each App.

### **NOTE**

Volume control is handled exclusively by the product.

See **pg. 13** for volume.

# Apple CarPlay

## Using CarPlay

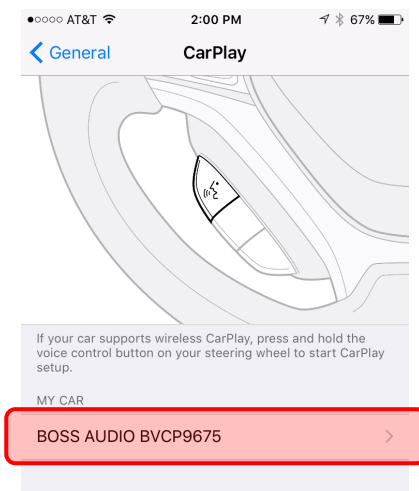

### CarPlay Display Setup

1. Using your iPhone:

**Settings > General > CarPlay**

2. **Touch and Hold** each App icon to move.

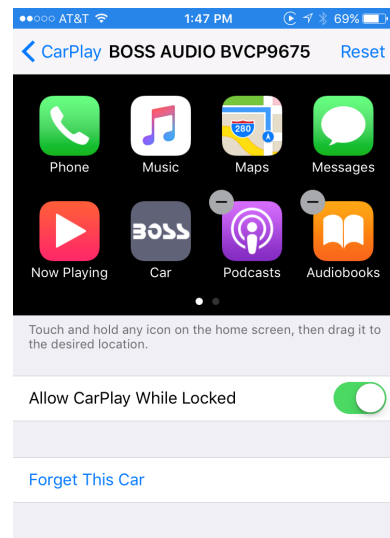

To remove an App, **Touch** 

### **NOTE**

Only Apps with the  icon can be removed from CarPlay.

To **Disable** other Apps see [pg. 18](#)

### How to Disable Apps

1. Using your iPhone:

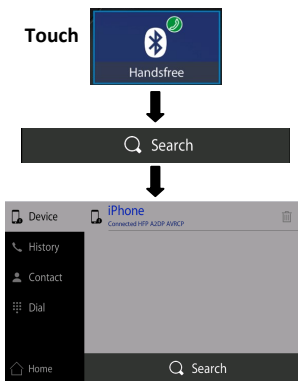

**Settings > Notifications > App to Disable**

# Bluetooth®

## Setup & Connection

### Hands-Free Menu

#### NOTE

CarPlay must not be active. If being used, disconnect the iPhone to start Bluetooth.

Compatibility with all mobile devices is not guaranteed. Please read through the user's guide of the mobile device.

#### CAUTION

For your safety, the setup process should be accomplished while the vehicle is parked and parking brake engaged.

### First time Pairing

Navigate to the Hands-free menu ([pg. 16](#))  
Touch **Search** to begin searching for devices

Mobile Device:  
Search for **BOSS AUDIO BVCP9675**

iOS Devices: **Settings > Bluetooth**  
Android Devices: **Settings > Connections > Bluetooth**

A passcode is generated and will display on both the head unit and mobile device for secure pairing.

Touch  to confirm

Every time the product is powered ON, the mobile device will automatically connect if within range.

#### NOTE

Once paired and connected, the device list will display the available Bluetooth profiles.

### Phonebook and History

To **Download Phonebook**:

1. Touch **Contact > Download**

Contacts will always be stored once downloaded

To **Download History**:

1. Touch **History > Download**

History will not be stored the product is powered off.

### Device Status

Battery and Cellular Strength is displayed on the top right of the Home menu.

GATT Profile support is required on the mobile device.

#### CAUTION

For your safety, park the vehicle to take a phone call if using private mode.

Be aware of all laws regarding mobile devices and phone calls .

# Bluetooth®

## Hands-Free

### Calling

#### Making & Receiving Calls

1. Dialing from the dial pad

Touch  to make call

2. Contacts

Touch the contact name 

3. History

Choose the name, then

# Bluetooth®

## Audio

### Audio Streaming

To play media through Bluetooth, the mobile device must be **Paired and Connected** to the BVCP9675, see **pg. 22**.

The music will play automatically.

### Track Control

1. Play/Pause 
2. Track Fwd / Rev 
3. **Swipe** to Fwd/Rev 

### **i** NOTE

Profiles required for audio playback and control on the mobile device:

**A2DP** (Advanced Audio Distribution Profile)

**AVRCP** (Audio Video Remote Control Profile)

### Media Player (Bluetooth)

Playback access is also available through the Media Player

1. **Touch**

### **i** Note

For best performance, your mobile device volume setting should be set to maximum.

All volume adjustments for the system should be controlled from the product.

The unit will recall the last volume setting on your mobile device every time it connects.

### Formats

Playback is supported from the mobile device with any format it can play.

Audio will only be played by the product.

Video cannot be viewed on the unit.

### Switching Media

Available sources will display **(Bluetooth and USB)**

### **i** Note

USB source will only be displayed if a USB drive is inserted and has playable media.

### Display

Track info will be displayed when available.

Track, Album and Artist.

Album art is not supported via Bluetooth playback.

# Media

## USB

### USB Playback

The music will play automatically.

### Audio & Video Control

1. Play/Pause 
2. Track Fwd / Rev 
3. Repeat List 
4. Repeat File 
5. Random 

### Note

If there are other files in the USB, music files will play first.

### Navigating Menu

To return to the current file playing,

If no interaction, it will return after 25 sec to Media Player

### Photos

1. Play/Pause 
2. Fwd/Rev 
3. Rotate 
4. Zoom   **Swipe**
5. Select Files 
6. Apply as splash screen 

### WARNING

Watching videos or photos while driving is against Federal, State, and Local laws.

Do not use features of this product if it cannot be operated safely and legally in your location.

### Note

Review the connections of this product, to properly integrate the parking brake wire to the vehicle.

Video and or photos cannot be viewed while driving. The vehicle must be stationary and the parking brake applied to enable viewing.

# Radio

# Aux In/Camera

## External Source

### Playback (Audio Only)

Touch

Media must be controlled from the external device.

Track functions are not controlled from the product.

### Connections

For wiring connections see, **pg. 33**

### Volume

See **pg. 13**

### **i** Note

To adjust the volume level properly, the carry-in device volume should be set between 50% - 75%. The volume level should remain at that level for the remainder of the time it is connected to the product.

### **!** WARNING

Never rely solely on the rear view camera; always check your surroundings before proceeding.

### Images may appear reversed

Do not use features of this product if it cannot be operated safely and legally in your location.

### Rear View

The rear view camera can be displayed on demand.

Touch

To return to the Home screen

Touch

### **i** Note

The **Camera Trigger Output** wire must be connected for Camera source to function.

For wiring connections, see **pg. 33**

### Reverse View

When the vehicle is put into reverse gear, the camera will display the image on the screen.

### Rear View Delay

Due to varying vehicle configurations, the rear view trigger can be delayed to best suit the vehicle.

See **Settings pg. 26**

Default setting: **0 Sec** Delay

### **i** Note

The rear view camera will still function normally, if the product is in standby mode

# Audio

## Adjustments

### EQ

To access the EQ menu

To turn **ON** the EQ

To adjust the EQ bands

### **i** Note

Turning off the EQ will change to **Flat**. User settings are retained when EQ is turned on again. Balance and Fade are not affected when EQ is off

### **i** Note

The EQ can also be directly accessed while changing the volume. The volume display will show the EQ icon, you can touch to access the Audio Settings.

### Preset EQ

Classic, Pop, Rock, Jazz

### Balance/Fader

Left/Right Balance, Touch 

Swipe for quick adjustment 

Front/Rear Fader, Touch 

Swipe for quick adjustment 

### Key Beep

### Internal Amp

To reduce the possibility of noise entering the signal chain when utilizing the audio pre-amp outputs, the internal amp can be turned **OFF**

### Loudness

Enhances and gently boosts low and high freq.

### Subwoofer

The level and filter can be adjusted for the Sub pre-amp output.

Level, 0-14 dB

Filter: 80 Hz, 120 Hz, 160 Hz @ 12dB/Oct

### Volume

Settings are for default volumes for Hands-free.

Media Player is a global setting for media.

# Settings

## Power

### ⚠ CAUTION

It is recommended to have the product installed by a certified installation professional.

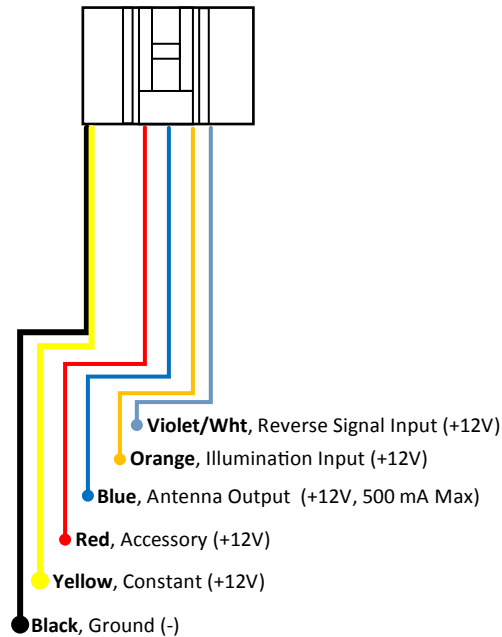

### ⚠ CAUTION

Before installation, or wiring connections, disconnect the negative (-) battery terminal to prevent damage to the product, and/or possible injury.

### i Note

When replacing the fuse, always do so with the same type and value (15 A).

### i Note

Unused input/output wires need be insulated with tape, heat shrink, or crimp connectors. **Never use wire nuts.**

● Location to plug in

# Connections

## Speakers

**CAUTION**

Do not chassis ground any speaker wire leads.

**CAUTION**

Only use 4-8  $\Omega$  Speakers

Do not use 1-3  $\Omega$  Speakers

**CAUTION**

Do not bridge any of the channels, they are only to be wired in stereo mode.

**Note**

Unused speaker wires need be insulated with tape, heat shrink, or crimp connectors.

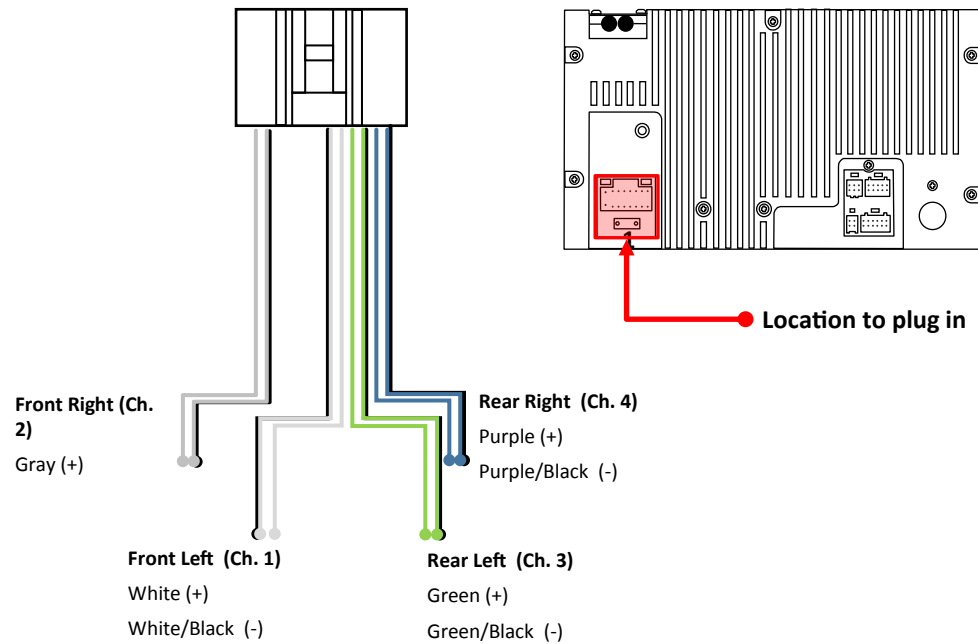

**Never use wire nuts.**

If the speaker outputs are not used, turn **Off** the internal amp to reduce the possibility of noise entering the signal chain.

See *pg. 25*

**Note**

Observe speaker polarity when making connections.

# Connections

## Audio Pre-amp

**CAUTION**

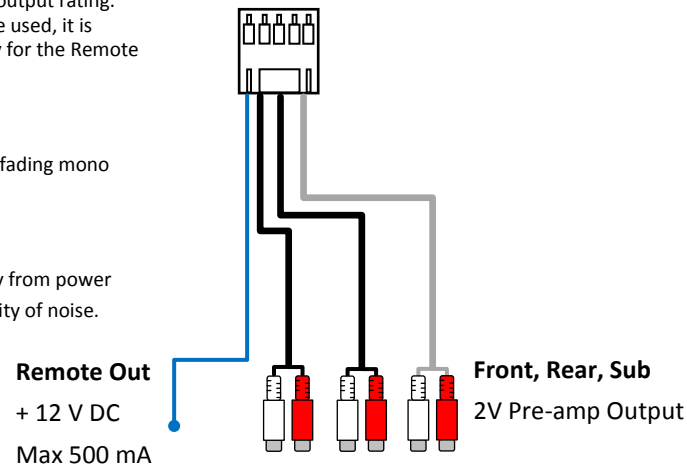

Remote Out is 500 mA max output rating. If several amplifiers are to be used, it is recommended to use a relay for the Remote Out trigger.

**Note**

Subwoofer Pre-amp is a non-fading mono output.

**Note**

Always run signal wires away from power cables to reduce the possibility of noise.

**Note**

If pre-amp outputs are being used exclusively, turn **Off** the internal amp of the product, to reduce the possibility of noise entering the signal chain.

See *pg. 25*

## Connections

### Camera & Aux In

 **WARNING**

Never rely solely on the rear view camera; always check your surroundings before proceeding.

**Images may appear reversed**

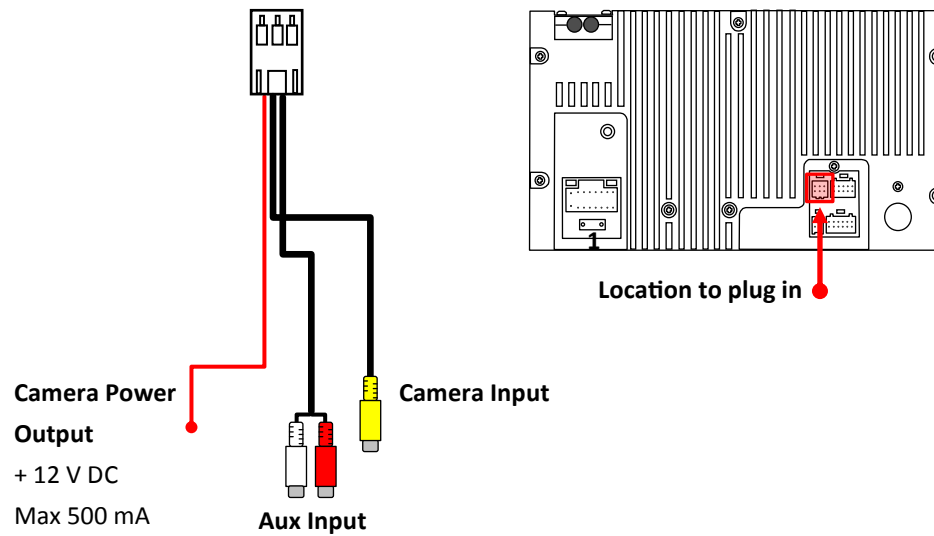

Do not use a feature of this product if it cannot be operated safely and legally in your location.

 **Note**

Camera power is required for **Camera** source to function.

The product will power **On** the camera from the *Camera Power Output* when the reverse signal is triggered.

See *pg. 24*

### Parking Brake

#### **WARNING**

Improper connection or use of the parking brake status wire, (i.e. defeating the safety feature) violates Federal, State, and Local laws. This may lead to injury, property damage, and/or death.

#### **WARNING**

Watching videos or photos while driving is against Federal, State, and Local laws.

#### **Note**

Review the connections of this product, to properly integrate the parking brake wire to the vehicle.

Video and or photos cannot be viewed while driving. The vehicle must be stationary and the parking brake applied to enable viewing.

#### **Note**

Every vehicle has a different type of parking brake connection; consult a certified professional installer.

 **Power/Speaker  
Harness**

#### **Note**

The parking brake input needs to be connected to the power side of the parking brake.

## Connections

### Hands-free Mic

#### Placement

Every vehicle will perform differently due to layout, interior materials, etc...

The **Red** shaded areas are the recommended locations for best microphone performance.

Items to look for before placement:

1. Do not place in front of air vents.
2. If the vehicle has tweeters placed on sail panels, do **NOT** locate the mic on steering column area.
3. Front of mic must not be blocked.
4. Mic should be firmly attached to mounting location.
5. Do not cover the grille openings surrounding the mic.
6. To avoid excessive wind noise, do not place near the sunroof opening

#### **WARNING**

Run microphone wire where it will **NOT** impede the operation of any safety items, i.e. Airbags, Knee Airbags, etc...

## Troubleshooting

Issues	Cause	Solution

## Specifications

### General

Power Input.....	10.8 V—16 V DC
Nominal.....	14.4 V DC
Current Consumption.....	10 A (Max)
Fuse Type.....	Mini-ATM
Dimensions (H x W x D).....	4" x 7" x 6.5"
Unit Weight.....	3.1 lbs.
Operational Temperature.....	-4—158°F

### Display

Screen Size.....	6.75"
Aspect Ratio.....	16 x 9
Resolution.....	480 x 800
Screen Type.....	TFT-LED Active Matrix

### Audio

Max Power.....	80 W x 4 Ch.
Acceptable Speaker Load.....	4-8 Ω
Preset EQ.....	4
EQ Bands.....	3
Low .....	100 Hz
Mid .....	1 kHz
High.....	10 kHz
EQ Boost/Cut.....	± 7 dB

### Audio Cont'd

Pre-amp Output.....	3 Pairs
Front.....	2V, Full-Range
Rear.....	2V, Full-Range
Sub(Mono).....	2V, LPF
Sub LPF.....	80 Hz, 120 Hz, 160 Hz @ 12dB/Oct
Sub Level.....	+1-14dB

### Radio Tuner

Freq. Range.....	87.5 MHz-108 MHz (FM)
Freq. Range.....	522 kHz-1710 kHz (AM)
America Range (FM).....	100 kHz Spacing
America 2 Range (FM).....	200 kHz Spacing
Europe Range (FM).....	50 kHz Spacing
RBDS.....	AF, TA
S/N Ratio (FM).....	60 dB (Analog Broadcast)
Sensitivity.....	10dB
S/N Ratio (AM).....	45 dB (Analog Broadcast)
Sensitivity.....	30

### Apple CarPlay

iPhone Support.....	iPhone 5 or Newer
iOS.....	iOS 7.1 or Newer

### USB

USB Spec.....	USB 2.0 (High-Speed)
USB Current.....	1.5 A (Max)
File System.....	FAT32
Audio Playback	WAV, MP3, WMA, APE, FLAC, OGG
Video Playback	AVI, OGM, MKV, MOV, WMV

### Picture Playback

JPG, PNG, BMP

Flash Drive Support.....up to 32GB

\*Not all listed compressed files guaranteed to play due to different creation methods or file contents.

### Bluetooth®

Version.....	v3.0+E.D.R.
Audio Codec.....	S.B.C.
Profiles.....	
A2DP v1.2, AVRCP v1.4, GATT v1.0, HFP v1.5, PBAP v1.0	
Output Power.....	Class 2
