

KNOWS HIS

Day:

1	2	3	4	5
6	7	8	9	10

Page:

1. I am a student at the University of California, Berkeley. I am currently a graduate student in the Department of Psychology. I am interested in the study of human memory and learning. I have completed my undergraduate thesis on the effects of sleep deprivation on memory recall. I am currently working on my master's thesis on the effects of stress on learning. I am also interested in the study of cognitive development and the effects of environment on behavior. I have completed several research projects in these areas and have published my findings in various journals. I am currently looking for a research assistant position in a laboratory that focuses on the study of human memory and learning. I am also interested in the study of cognitive development and the effects of environment on behavior. I have completed several research projects in these areas and have published my findings in various journals. I am currently looking for a research assistant position in a laboratory that focuses on the study of human memory and learning.
