

FIRST AID
 **BURN CREAM**

Dynarex First Aid Burn Cream is designed to help reduce the risk of infection in minor cuts, scrapes, and burns. The First Aid Burn Cream features a Lidocaine and Benzalkonium Chloride formula to help relieve pain and reduce bacterial growth. The water-based Burn Cream comes in convenient, single-dose packets for optimal hygiene and quick application. Dynarex First Aid Burn Cream is ideal for use in first-aid kits, long-term care facilities, homecare settings, and more.
